

That means he is always getting after her.

... if she acts, she acts wrong; she can't do a right thing for the life of her; and do what she will, no matter, she is as likely to get a cuffed ear as anything else, and a little more so; and if she should ask forgiveness, she would meet with the consoling retort from her dear lord, "yes, and you'll do the same thing again next minute."

A constant accusing is the sign of the presence of evil spirits.

Why all this? Because the dear husband, the great lord of the house has got so many devils in him, they make him so big there is not room for any body else in that house.

The things of which we speak are but too common among the nation of Christendom; and too much of them have been brought together among the Saints; but it is time for Saints to stop such things. Husbands, love and cherish your wives, as you ought; give them their place, their rights, their dominion, that they may act upon their agency, as you do on yours; and quit your fretting, and snarling, and quarrelling with them, if you ever did it. What! a man quarrel with himself? Yes, just as well as quarrel with his wife — 'tis all the same.

I love you, I don't want to quarrel with you, I would rather smile.

She is a part of him, and we ought to remember this. So it is these subtle, silly little things that keep rising in our lives, brethren and sisters, that will take us off and lead us away if we are not careful; and there will be devils enough, as this article says, to help us on the way. He is mighty powerful, and we ought to draw in our strength and be putting it to positive use. I was thinking as I was sitting here tonight, too, brethren and sisters, I think the greatest sins of which we are guilty are our sins of omission.

The good we don't do. When you leave good undone you have committed a sin.

Nearly everything the brethren tell us from this stand have to do with the things we do not do enough, the positive things that we fail to do in building up the Kingdom of God and establishing the Priesthood of God upon the earth, which it is our solemn duty and covenant to do. May we do this I humbly pray, in the name of Jesus, amen.

Notice the next sermon is we must become skillful in keeping the Spirit of God constantly.

Page 205 of the tpjs

for as no man knows the things of God, but by the Spirit of God, so no man knows the spirit of the devil, and his power and influence, but by possessing intelligence

The Spirit of God.

... which is more than human, and having unfolded through the medium of the Priesthood

You must stay close to the Priesthood, to learn the Spirit of God and be delivered from evil spirits. So remember that key, with all you can do yourself, your protection and deliverance from evil is to be one with the Priesthood over you. And oneness is like an open pipeline, with no obstruction of a free flow of the Spirit of God into you and you feel a constant devotion and love and rejoicing in your Priesthood head as unto the Lord because of Priesthood.

A man must have the discerning of spirits before he can drag into daylight this hellish influence and unfold it unto the world in all its soul-destroying, diabolical, and horrid colors; for nothing is a greater injury to the children of men

than to be under the influence of a false spirit when they think they have the Spirit of God.

That is the greatest danger that is when you deceive yourself, when you think you have the Spirit of God and in reality the spirit of evil is within you. The evidence will be self justification in evil, criticizing a little, complaining a little. Now concerning the gift of revelation called the discerning of spirits, all of you having the gift of the Holy Ghost have the right to seek unto the Lord for the gift of the discerning of spirits. Discerning means to tell the difference.. The gift of discerning of spirits is a very private gift. Where you are allowed to feel whether or not the Spirit of God is around you or around others. If you step beyond authority and try to use the discerning of spirits, try to set someone in order, you will lose the Spirit of God. We have read Father's sermon on the Spirit of God. If you fight, if you try to set people in order without authority, you invite the spirit of evil into yourself. Though you may be ever so right, you are wrong when you fight back. The discerning of spirits is a precious protection, a warning that what somebody is saying or what is about to happen is wrong and you should not participate. If you have prayer in constant exertion, and the Spirit of God in lively exercise, you can feel something wrong is about to happen or is happening and you should not participate. For instance, that general meeting of March 18, 1978, where Father was present, Marion Hammon, and Alma Timpson were there, they called on Alfred Olschewski, before the meeting, the Spirit of God warned Father and made him feel sick, a foreboding, sick feeling, that something terrible was about to happen, so Father responded and leaned over and said, "I don't feel well, I don't feel to speak in this meeting." Father was protected and delivered and kept silent when the revelations of satan were presented by those men to the people. Saying that the one man rule was wrong, when we know it is right. But the Spirit of God warned Father and he felt the warning, and he responded, but he kept silent, and he knew only Uncle Roy had the right to correct those men. So he was favored with that precious gift at the right time.

That is how we can so live, you need never be deceived if you have the Spirit of God in lively

exercise, through the prayer of rejoicing, reaching to be led and obey the sweet whisperings. But the usual thing that deprives us of that spiritual strength is us choosing to follow the desires of our body, the laziness of our body, the way we have always done things and not reaching to do better. So I have warned some people, Laziness invites the evil spirits in and it will turn to immorality and then you will break your covenants and lose your place. So the Lord wants us up early in the morning, he wants us busy all day, I have counseled you, unless you are sick or perhaps an expecting mother who needs a little rest, you should not have naps in the day. Our children should not have naps in the day unless their are young and need that growth. Be up early and be to bed early will discipline their bodies and the hard work will discipline their bodies to get tired and sleep well at night. Beware a child who is always up late at night, that is a child that will develop the bad habits that will gradually grow into evil desires and evil actions, even immorality. So keep the children busy, keep their schedule regular, often a boy who always wants to withdraw and go and sleep has a moral problem, the same with a girl. She can develop a moral problem with herself or the boy with himself. So keep the children busy and their awake time regular and their bedtime regular. Then check on them, be inspired.

Oh dear family, it is just time to be Zion, live in the constant increase through the constant exertion, the increase of the Spirit of God and remember the great truth, if you don't have the Spirit of God then you do have the spirit of the evil one. If you are not receiving impressions of the Spirit of God you are receiving impressions of the spirit of evil. Once you have taken that step to be baptized and receive the Gift of the Holy Ghost you are never again on neutral ground of just your thoughts, you are being influenced by one spirit or the other by your choice. And you need to be reaching for the revelations of heaven, or else through your laziness, your are listening to the whisperings of evil.

Now ladies, as you get together, I want you to know your are reminiscing of the past can be destructive, when you are just dwelling in the past, the present moment is being wasted. The present moment must be used to live in the increase of the

Spirit of God. Look forward to Zion, study, look at the blessings offered us, live for them, and don't just be a live in the past person, with some cheerful covering. Be alive in the increase, have a living hope, live with a yearning desire for the offered blessings. And you will govern yourselves better and not be distracted by yourselves or others. All these conversation, useless conversations that don't promote the Spirit of God are a warning that we are living in the lesser light. Why can't you joy in discussing eternal principles bearing testimony, talking of things that invite the sweet spirit or just being silently praying, instead of all the jabber that deprives everybody of the spirit of prayer? That is why we don't have intercoms in this building because we were disturbing each other's prayers, constantly with the constant exertion of our will on everybody. It is the same when you are together and just jabbering, without being inspired. You help everyone else not pray, you help everyone else turn away from Heavenly Father. That is why light mindedness is a major sin in Zion, because we know better, we are to live in the increase of the Holy Spirit. So learn to pray and check in and make sure what you are about to say is uplifting, is it right, is it true, is it necessary. Those are the three questions? Is it kind, is it true, is it necessary. Necessary means is it the will of God. By taking the steps up, not returning to our old fallen habits. So I thank the Lord for this training. Any questions? Anybody want to get after me? Anybody want to fight? You do? Then go fight by yourself, I want to keep sweet.

Yes Mam? No you shouldn't have trainings playing and by the common consent of all, after you ask them, should you play a disk. Please learn that. I have listened to these disks of our Priesthood music, but I am careful to not let it rule me, if it doesn't increase the Spirit of God in you, it is just there to keep your mind busy, you are treating it lightly. This Priesthood music is a prayer unto God, to earn increase of the Spirit of God. Often you get so light minded with songs, even Priesthood songs, it gets stuck in your mind to where you are not able to concentrate on your praying always. The sweetest music and sound I hear is the silent sweet whisperings of the Spirit of God within, it is the joy of the burning peace. So let us be more sensitive to what we are doing to

others, love your neighbor as yourself, and if everybody feels like they could listen to a song or a few songs, do their duty and not be deprived of the spirit of prayer, fine. Music can easily become bondage, control you, depriving you of the spirit of prayer, and people who always have to be listening to something, are usually weak in the faith because they are not fervent unto God to receive the sweet whisperings

Do you give these children reading time and thought time? Or you always just commanding them, commanding them? Teach them to reach unto Heavenly Father in silent study and prayer as they get older. So I have asked the children, what book do you read at night? I hope you mothers will check on that. The Lord bless us, I was anxious to speak to you again. We had the sermon we needed.

See how the Lord's workings through the prophets years ago, bless us even still. Cheer up, dearies, whip the devil, cleave unto God, be Zion. No bad feelings in Zion or you are not Zion, if you can have bad feelings, you are not fervent enough in the good. We have this recorded for your review.

Any other questions?

The trainings played in the sewing room are again, treating them lightly, often the sound of the machine deprives you of what you are hearing about, it is like knitting in class. I absolutely stopped my family from ever doing that and you know father finally told you to stop it. Though you claim you can do two things at once, you are easily distracted by your action, oops, I slipped, got to fix that one, then you return your thoughts back and it is a mockery. You should be fervently praying and listening to a training, not have distractions present, be careful. I have allowed my driver to listen to the trainings as he drives for him to catch up on the trainings, I listen to trainings while we drive to remind me what we have been given. But always that prayer is active, reaching to feel and understand. Most often I don't have recordings being played or music played, because I want to listen for what the Lord has for me to do next, not be ruled by everybody's conversation and music or tapes. A saint of God must learn they must choose their thoughts and their thoughts must not be

governed by outside influences, in order to maintain and live in the increase of the Spirit of God. So consider other's needs as you play something publicly. We have been cleaning that up. Even we ourselves want to be an influence for good, to promote prayer and not deprive others of prayer.

Yes mam. A lesson on timely prayers? Be on time, how is that?

Again in your hourly prayers, or your family prayers, the Lord is watching us. A sure evidence you have forgotten Heavenly Father and just turned to yourself and your own selfish will is that you forget prayer time and you know it is appointed. And when you are late for prayers, there may be rare circumstances, a child in need or whatever. Dear family, you dedicated yourself for that hour to the Lord to do His will, to remember Him, you should be responsive. When you pray let them be short prayers, not taking up ten minutes or twenty minutes of the hour. A couple of minutes, five minutes at most. Don't pour out every secret of your soul, to bless every individual on earth, to overcome every little evil you have experienced, and reach for every wonderful good you have ever yearned for, and end up a half hour later with everybody asleep. And you have lost the spirit of prayer. Prayer should apply to the circumstances you are in. It is to dedicate yourselves, the next hour, thank the Lord for God and Priesthood, for each other, reach for continued strength and to stay focused. Wow, that took me ten seconds to say, yet I yearn continually unto the Lord. Group prayer is only valid and heard by Heavenly Father if everyone comes to that prayer with one thought, I love you Heavenly Father I live to please you and be like you, hear our prayers, I do love all others. So the spirit of prayer is the first two great commandments of the love of God, expressed and exercised. You see some people kneel or stand quietly for a minute, asking for the spirit of prayer before they voice the prayer, and that is right but I will tell you the right way to do it, make sure in reaching for the spirit of prayer you express love for Heavenly Father and love for everyone else. The first two great commandments are silently exercised to reach for the spirit of prayer because the love of God is the spirit of prayer. I want to kneel and feel like I have forgiven everyone, I love

everyone, I love Heavenly Father most and I have voiced it silently, and then feeling the peace swell within, can say an inspired prayer.

Any other questions? Yes mam.

Yes, I have told you to play the song disks, putting them to bed until they have memorized them. The older children should learn to use Priesthood music as Priesthood prayer. I am talking of children maturing to twelve years on up and such. Music is a way to put scripture into children's minds. But ladies, I notice you learning all these different songs, where the music isn't written by the Priesthood people, don't leave out the hymns in the songs you teach them. Do the songs we know are accepted of God, and then we have songs written by Priesthood people, words of the love of God, still don't let music rule you.

Next question?

Play history tapes when they fall asleep? That is teaching them to fall asleep when they hear my voice. And you too when you fall asleep hearing my voice. Surely you want to turn on a training and listen, but if they are going to be awake for a while and you know it and they know it, it is fine, but if it is to turn it on to help them fall asleep, what kind of training is that? Listen to father to fall asleep. I know often that stories that are interesting to them, they stay awake. Yes, I have had the ladies do that, but encourage them to be careful and not do it when they know the children will just fall asleep. Govern it accordingly, but when I see you falling asleep in our trainings, and I find out that is what you do at night, you listen to my voice and fall asleep, perhaps I need to speak louder or not talk so softly. When you are hungering and thirsting after truth and the increase of the Spirit of God you listen to the trainings, you feel the trainings. If your listening isn't a feeling of increased light and intelligence, you are just an empty vessel, hearing words and forgetting them.

Now I will give you this counsel about listening to trainings, there is coming experiences into your life where the Lord will have me give you a training and you will have no recording, you won't be able to write notes, you will have to listen and remember or lose the blessing. You will have to be so filled with the Spirit of God that it will burn in your mind the memory of those truths. So all this

replaying of trainings has been a crutch where we have been willing to not remember, we need to start remembering the trainings immediately by applying them. That is why after a training you should go to your private area and ask the Lord to burn those truths in you mind and heart so you will live them. And then you are advancing, dear family, redoing the trainings because you forgot them, means you are treating them lightly. I have you hear it and hear it and hear it often, because there is so much truth given, and each time, just like reading the scriptures, you should learn more truth. But I am telling you, there are coming times in sacred sessions where you won't be allowed to record what you hear. You need to work on increasing your memory abilities, when you hear truth.

Smile, Velvet, thanks, and anyone else, I don't want to be your frown, I want to be your smile.

I love all of you.

Well, nuff said, let's have prayer and goodnights then go unto the Lord in your private areas and seek of Him that these truths will burn within you and become your nature. I don't know when I will return, according to our faith, so shall it be, we will be tested, the Lord has shown me when I leave, the tests will become greater on me and you. Already the police are at the gate looking for me. It will take great faith to bring me back. You do have the recordings to repeat and I want you to repeat, the recordings of the last couple of weeks. Here we have had, is this the fourth meeting today for the public? Tuesday, Wednesday, Friday and Sunday, and then you have had a Sunday School and this training, repeat it but don't treat it lightly and keep sacred things secret. I hope the great and spacious building of Babylon is not being built here, I hope we are here to build the Lord's house, first within ourselves and then the holy temple, He will allow us to build. Be Zion.

Let's kneel down.

Mother Ruth, prayer.

10:37 p.m. Dictation

May the Lord help me in this dictation. It has been a very eventful week. This is Sunday, August 15, 2004, at 10:40 p.m. Dictation. My last dictation was Tuesday, August 10, 2004, at what

time? 8:15 p.m. All week, nearly every day, the Lord has taken me through great atonements required, becoming more severe where my life is seemingly taken each time in the Celestial justice that this people will not be cursed and destroyed. Also in the midst of this, the Lord has been training me that there is an ordinance in Celestial Plural Marriage in the life of the Keyholder in connection with His ladies where they perform the ordinance of comfort and renewal to help renew me when I am so low and close to death. Where they, two or more can be present assisting me and great training has been given this week. And the Lord wanted a quorum of five ladies here who were trained and beginning with Naomie, and Ida coming from R1 then the Lord had Millie involved and then Paula and then Lorraine and finally Margaret. Three revelations were received for personal comfort and direction to three ladies namely: Annette, Paula and Margaret. Annette was not ready for the greater training. We have learned that there are steps in the renewal process after a suffering and atonement where the ladies assist each other in assisting me to be brought forth and made strong. This took place through the night into Wednesday morning. So through the night of August 10 into August 11, I went through severe sessions with rejoicing.

The Lord has given revelation and messages for the people and wanted another meeting called on August 11. I stayed in session into Wednesday morning wondering what I would be doing. I desired to have a soak in the tub just to relax. Naomie went out to get some things leaving Ida in with me. I was laying in the tub covered with a towel and the next thing I knew was Naomie in the bathroom lifting my head helping me as I had been taken into session by the Lord in a seeming unconscious state and completely paralyzed and made weak. I had Naomie get Millie and the three ladies, saying a prayer asking the heavenly powers to help them, lifted me out of the tub, laid me on the bed and got me dressed and then I went through an atonement seemingly paralyzed except for my eyes and voice. I told the ladies to move back toward the wall and the Lord was present and gave me the revelation of August 11, 2004, concerning Allen Steed being unworthy and how he had been in a position to be a master deceiver along with

Ernest Jessop to lead Zion's camp astray, thinking he had the Spirit of God when he does not. And in this revelation the Lord declared that to gather the people this day on this land and read this revelation and give them a training.

I had Naomie prepare the typed version. I sent out word that there would be a 3:00 meeting which we held and I was the only speaker. The First Presidency was there. I had this meeting recorded.

August 11, the Lord appointed for the First Presidency to witness the rock cut for the first three blocks of the temple. They were working hard on getting the footings formed for the temple. The Lord showed me that it would not happen. So I went through another severe atonement through Thursday, Wednesday night into Thursday. This day going through a severe atonement, I was left again nearly helpless and fading. The Lord had me train in Paula and Naomie together in that ordinance of renewal and comfort to help bring me forth from death to life. And they as wives can touch me and be part of me in a most necessary moment. The Lord has told me to not allow any medical people to witness this or try to renew me and the Lord has His way. And the Lord is training me to have this quorum of ladies ready, telling me He wanted five ladies to assist me in this atoning process where the Spirit of protection is placed upon them so they can endure the presence of heavenly beings and then be ready to assist me when the atonement process is done to revive me.

I had a discussion with Merrill Jessop. We went to see the rock. The rock was not found.

Thursday night, the Lord had me seal all three former wives of Ernest Jessop to his brother Raymond Merrill Jessop for time and all eternity at an 8:00 session. I had the First Presidency present as witnesses, also Sally Jeffs and Mother Gloria Jeffs, mothers of these ladies.

It was through the night of August 12 into August 13 that I went through a very severe atonement and this is the night that the Lord revealed that He was withdrawing the privilege to build the temple that we should be ashamed. He was ready to curse us and destroy us as a people.

In going through this atonement, I had Millie, Ida, Paula and Naomie all in here going through a training on how to help revive me at the end of a

severe session. And during that training the Lord showed me that I needed a fifth lady. Yes, this is Ida Vilate Jessop Jeffs.

Finally, going forward, a meeting was appointed for 4:00 on Friday and the Lord had me give the strongest message ever. The brethren have been told that if they are dismissed from this mission they lose Priesthood and all their Priesthood blessings and family; also if the ladies are dismissed they lose their blessings and cannot return; showing every one the seriousness of this mission and I told them that I would be withdrawn for a time and if they get used to being without me they are dead and they will be driven – dead spiritually especially. How I yearned through this meeting the power of God would touch their hearts beyond measure and in closing the meeting I offered the ending prayer and in the prayer with all my soul I yearned unto the Lord to allow me to atone for the people, voicing it with tears flowing and suddenly, the heavenly powers came and also rested down upon me and I was struck while I was saying the prayer and experienced the great suffering. This affected me to where I was barely able to hold myself up holding onto the podium. I said, "Thank you Father." dedicating us to the Lord weeping in great severe pain of the Spirit and as soon as I said, "Amen," Uncle Wendell jumped up and I fell into his arms and he laid me on the floor and I was into the atonement process in front of the whole people trembling and jerking, feeling the heavenly justice executed.

Naomie was inspired and walked up during the prayer and I said to her, "Tell everybody to leave. Tell them all to leave." But the First Presidency, Uncle Wendell and Uncle Fred stayed with me as I continued in that process. The ladies who I had trained earlier in the morning stayed: Paula, Millie, Ida, and Naomie. Uncle Fred insisted they do something for me and the ladies properly informed him that they only do what I direct. I had Uncle Wendell go outside and have everybody leave. I had Paula go to the family and say do not watch when he comes up to the house. This began about 5:40.

Is that right?

This was recorded on our recorder. Maybe I need to hear that again?

But the Lord allowed this to happen to humble this people and to help them wake up to see that they are bought with a price of suffering with rejoicing. I had told the people at the end of the meeting that they should spend the next hour praying fervently in repentance to be forgiven. The Lord did allow us to earn the privilege back that by October 1st, if certain works were done, certain preparations made, we could have that gift restored and the First Presidency return at that time. The Lord gave the ending date for the temple construction to be April 6, 2005; giving us six months once we begin again.

The brethren have informed me that the government is upon us, the environmental agency to shut us down. They said they were getting a search warrant to come in and the Lord told me that if the enemy comes in and tries to enter in the endowment room at the meeting house or the temple sight or temple quarry, I was to fight to the death and not allow them to defile sacred places and I told the brethren that was the Lord's requirement of them. But if we will live right, the Lord will fight our battles.

I lay there and saw that I had to get to my room. I had Uncle Fred and Uncle Wendell offer prayer over me asking the Lord to strengthen me long enough to be removed to my room in the big house. ~~As they prayed, the Lord relieved me and in not~~ getting a car there I had Naomie and Millie support me as I walked up the side walk. As I got to the stairs of the big house, again, I was taken into a severe session of suffering with rejoicing and lay on the wood stairs while the ladies blocked the view. I asked Uncle Wendell and Uncle Fred to offer another prayer and after some severity in their presence by the stairs as they had walked up there, I was strengthened to walk upstairs and as I got into the waiting room by my office, I was taken in hand again by the Lord.

Finally the ladies had to carry me into my bedroom and put me on the bed and took off the suit coat, tie and such and put on my pajamas and the ladies did sit in here and pray for a time while I went through an atoning suffering. And this took place into the night. At one time, the Spirit took hold of me and as it were in the air above my bed took me through a circle of fire and suffering and twisted me around until I lay curled at the end of

the bed. It was marvelous. All the time I felt the Spirit of peace but the weight of the atonement.

I was shown that Lorraine was the wife that needed to be the fifth woman in this quorum. And she went through the gift and blessing of prayer circle where she felt the all-consuming fire from heaven. I had her go out and voice her testimony on a recorder. Went through the severe atonement while she was out. Then I had Millie, Paula, Lorraine, Ida and Naomie all in the room; mostly sitting over away from me. I finally had Naomie lay beside me and try to render some comfort. I had all the ladies go out but Naomie later as I was more aware of things and I had Lorraine come in and she received the training and experience of helping Naomie in the ordinance of comfort and renewal after a severe session. And all those involved have acknowledged the burning fire of the Spirit of God accompanying us in that renewal process.

I was able to get up and going and was ready by 5:30 in the morning, Saturday morning planning on going to Good Words to teach the family and about fifteen to 6:00, the Lord took me in hand into a severe session and He showed me that I was to train Margaret and Annette. Margaret and Annette joined in the prayer circle and received the witness of the all-consuming fire from heaven beyond ~~what they have ever felt which is the presence of~~ God among us. And the Lord had me voice a revelation to Annette and then a separate one to Margaret which is recorded and in the record.

Margaret had yearned to understand the impressions she has been getting. The Lord wanted her to get closer to me in every way. So I gave her the training on the ordinance of comfort and renewal and then there was an effort to help me. I then sent Millie and Margaret out, Annette not having been ready for that further training, already having sent Annette out. Annette just went to pray. Naomie and I were together. I went into my heavenly session and voiced to her what the Lord wanted me to do.

Yes, the First Presidency was to leave before 12:00 and this was 11:00 in the morning. And I finally got a hold of people and they obeyed. They left this land before noon.

I was shown many things to talk to the Bishop and his counselors about and I did record that meeting. And I gave them training and warning to receive the word of the Lord and believe it can be done and how to exert faith of the brother of Jared and I gave them examples of how the Lord had performed miracles for us if we would just have faith. Then Uncle Merrill and the others well Uncle Merrill mainly talking about all the challenges and I stopped him and I said, "Now brethren you need to remember, don't just come and tell the problem, name the solution, show you have sought unto the Lord." But they carried on and named all the problems and I told them I would inquire of the Lord what we needed to do. Uncle Merrill's words to me were if the Lord doesn't do 90% of this and that project, it is impossible. [Chuckle]

I again kept referring to how the Lord can open the way and they acknowledged that. And I could see that through the failure of Ernest Jessop and Allen Steed this people were in a deplorable condition having all this work to do and yet not being prepared.

In the many issues the Lord wanted me to teach these brethren how to exert faith through inspiration and yet as I every time I gave the training Uncle Merrill kept bringing up the challenges. I said, "Uncle Merrill, I would like you to not write checks unless you have money in the bank." He then explained well that is what he needed to do often. [Chuckle] So he was humble but in his eyes a seemingly impossible situation in some things. He talked about many issues, the government coming on us but I took the effort to go through all that had been told Ernest Jessop so Uncle Merrill was aware of all the Lord's requirements including the buying of sheet rock and carpet in advance for the temple. And I emphasized to get that foundation dug, footings poured and the rock quarried before October 1st, along with the First Presidency home and the Merrill Jessop home by October 1st. First Presidency home by the 20th.

Also Ida Vilate and Ruthie went back with the First Presidency before noon.

I met with Loretta, Tammy and Gloria and gave them strong warnings to get close to me and not be light-minded and take on the social religion in a

partying spirit. I dismissed Tammy and I talked to Loretta and Gloria the two that had been dismissed from R1 mission and warned them strongly that if they were sent from here they would not be part of me. They need to get close to me in every way.

I then dismissed Loretta and talked to Gloria and told her that she had the gift of the love of God sealed in her mind and heart; she had witnessed and felt the all-consuming fire and yet the Lord had to dismiss her from R1 mission and I warned her strongly that she has been taught even more than all these ladies here that she had better be fervent and close to me. And to give her comfort I read the revelation the Lord gave her along with Ida and Veda and then I placed my hands on her head and gave her a husband's blessing, her Priesthood head's blessing, like a father's blessing or patriarchal blessing which is recorded and we will get her a copy when it is transcribed. So I saw my three ladies before the Bishop and his counselors.

I went into the heavenly session Saturday night, August 14th, a little after 7:00 p.m. and went on until about 4:00 in the morning, Sunday morning. The Lord was still keeping me here at R17. I was shown that He was now withdrawing the privilege to make our own cement. More scheduling was given for the Merrill Jessop home as a test to see if the brethren would obey along with getting the power lines in and developing the water and sewer systems and continuing on the temple preparations. The Merrill Jessop home foundation is to be done by August 27th. The logs, half construction and roof are to be on by September 7, and October 1st is the ending date. The First Presidency home, the Lord gave them five more days seeing their repentance and fervency. That is to be completed by August 25.

I was shown again that it was the unbelief and doubt of Ernest Jessop and Allen Steed that brought about this deplorable condition not being ready for the Lord's house to be built. I was to warn the Bishop and his counselors, "Do not treat what the Lord tells me to tell you lightly." I said to Uncle Merrill, "When I told you.." Well, I was shown this and then later in the day I told Uncle Merrill, "When the Lord tells me to tell you a thing it is Him speaking and you need to be careful. Don't write checks if you don't have money in the bank." I emphasized it again because the Lord had

said that to protect our mission. I saw that I would be getting ready to go to Sunday School and meeting and give the Lord's message and a strong lesson on faith was needed.

I called Short Creek and the phone answerer, Roy Allred, told me that a situation came up the night before where Michelle had promoted a light-minded occasion birthday celebration of Sheena and I had done away with those things long ago and also had given the family everywhere including Short Creek the strong training of beware of the social religion and we need to be so fervent in our preparation. We are on the brink of destruction yet if they turn to the compromises, light-mindedness, we will lose the Lord's protection.

I had been yearning unto the Lord for two weeks why I shouldn't call Short Creek. What I could do was there something I needed to know? And now the Lord showed me that Michelle, who had been in rebellion to me, had become an instrument where she thinks she has the Spirit of God and she doesn't. She was the one promoting it. And I had the phone call transferred to Sheena and Sheena acknowledged it happened but she had tried to stop everybody saying this is not what Warren allows, but Michelle insisted and nearly the whole family joined in that partying spirit Saturday night. And I was shown by the Lord right then my family has turned to idolatry to worship or celebrate people and not God and Priesthood. So I was impressed from 6:30 to a little after 7:00 this morning to page Short Creek family and gave them the strong warning of the Lord that they had all turned to idolatry or nearly all of them. And I said some of you will have to be rebaptized now and your ordinances restored. And I openly corrected Michelle on the phone: "Michelle, you do not have the Spirit of God." And I released her from being the leading mother on yard and just be a laborer and put Debbie in her place. The Lord showed me that my family was being overcome of the evil powers and the protection of heaven was withdrawing from that property. I told Roy Allred to write the note to Michelle and also to Janetta these words: You must be rebaptized and have all your ordinance work redone but you can remain in the home and perform your repentance there. I told him to give them the notes at Good Words or get

the notes to those ladies. I had this training recorded and I had the recording replayed to the family here at R17 as a warning.

Got ready for Sunday School and was able to go to Sunday School from 9:00 until 12:00. Strong trainings and warnings on faith and faithfulness on being clean and pure even training to the ladies on not being around the men, how the devil works and how to overcome evil.

A little more training was given at the lunch table but we were on the fast day; only the little children eating.

I got ready. I met with the Bishop and his counselors at 1:20 and again emphasized to Uncle Merrill to receive the word of the Lord and do it and don't just present problems to me, present solutions. And we went through some issues.

We held a meeting on Sunday from 2:00 til past 4:00, I being the main speaker, Merrill Jessop giving testimony at the end of the meeting. We shook hands with everyone then I met some of the brethren. I had Edson Jessop and Guy Jessop previously cut four small blocks with a two inch rod down the middle to show me how they were tying things together for the block on the temple.

Uncle Merrill and I went over many issues again but as meeting ended, Uncle Merrill got word that the sheriff was at the gate so he drove out there and came back to see me and said the sheriff has legal papers to serve on you, meaning me, on Warren Jeffs. Uncle Merrill said, "I will have to see if I have permission to accept those." And so he came and told me and I said, "Don't accept them." He went out again with Paul Allred. The summons server, the legal papers server from Cedar City, Utah had traveled, got the sheriff and tried to serve the papers on anyone on the property. Uncle Merrill talked to the sheriff saying when the sheriff asked, "Is Warren Jeffs here or Fred Jessop here?" Uncle Merrill avoided the issue and then said these things are sacred to us and we just don't want our sacred things betrayed. So the pressure is on. Immediately after the meeting came the persecution as the Lord told me to tell the people in the meeting that when I leave this land the trials on me and them would become greater.

I had some appointments with some of the brethren, some wanted to make confession. They

want to be declared clean every whit with a full repentance in place. I didn't visit with some men who desired to. I am still needing to inquire of the Lord what to do about Allen Steed's daughter Asenith; a young girl who is suppose to marry Edson Jessop Senior and I am waiting on the Lord and also to see what Allen Steed's repentance is.

It is marvelous how the Lord has delivered this people from deception and destruction; allowing me to make atonement and the Lord doing the work. And yet the Lord had me tell the people today on Sunday that now He will humble us with hard experience and bring us to our knees where we will have to exert faith like the brother of Jared just to survive and this because we would not harken to His words and we are a people that have become like the people in Joseph Smith's day who would not respond to the Prophet.

The appointments made me miss the singing time. I read through some letters of the brethren testifying what they witnessed at the August 13th meeting when I fell to the floor and all of them I read thus far have voiced or written how they were thrilled with the burning peace, shaken unto tears that I was suffering for them and all were affected and made rededication to the Lord and this project.

I went out to the reading at 8:00. Velvet came in and got some council but she is not prepared yet for the greater ordinances and blessings. ~~But I went out and read the sermon of December 3, 1961, of Fathers. Gave much training from 8:00 til about 9:30. We said goodnights. Had some ladies appointments. The mothers and girls brought me in a little food and I have been doing dictating until about 11:25 right now.~~

This morning at Sunday School, yearning unto the Lord what to teach, after the sacrament was offered, the Spirit whispered read Section 35 it applies to us right now. So I read the entire section in Sunday School and in General Meeting in obedience to the Lord's whisperings to me. And truly it applies to us both warning encouragement, call to oneness, and the Lord's promise of miracles and great blessings if we prove faithful and without faith we cannot do His will and then they were given a strong training both in Sunday School and in meeting on how to exert a living faith. So we return to the first principle of the gospel in our

training and yearn the Lord to touch the people's hearts to receive this training and live it to become men and women of God that are inspired and strengthened of heaven in all things.

It is nearly August 16 and one year ago tomorrow was when the Lord had me take the first ladies from Short Creek to R1 to begin the exodus; making a whole year since we have been moving people and yet Zion's camp is not prepared. May the Lord forgive us, work with us, deliver us from our fallen nature and we be Zion. I have told the people that I will be leaving here. Uncle Merrill has told me that the government agents on the environmental agency wants to come in here tomorrow morning and examine where they want to examine and penalize us. So he has been working to get everything in order. I had them take down the kiln as I had twice told Ernest Jessop to not put that kiln there. And they have been making preparations by taking down the batching plant; disabling it. We have a permit on the rock crusher but not the batching plant; but we should have the permit they are just being instruments to disturb. Oh may the Lord bless us and this people. In the authority of the holy Priesthood, I dedicate this people into the hands of God to become Zion in fulness according to His will and power and in the name of Jesus Christ, amen.

End of dictation for now.

7:20 a.m. Naomie's Testimony of What Happened Through the Night

You were taken into session as you laid down. As I was rubbing your back, I could feel your body start to tremble. It was at 1:30 this morning, at first you were very still. At 2:00 you said, "Wow, wow there is such a fire, heat. I feel like I am burning up." You said, "The Lord hasn't told me to leave yet. Just wondering what I am doing." At 2:45 you said, "The Lord is showing me He wants me here to bear influence and even atone when the government people come." At 2:45 you said, "There is such a heat I feel flowing from me." You reached over and touched my face and you said, "Do you feel it?" I said, "Yes." You said, "I am burning up inside." You said, "I feel wounded inside. My insides are being ripped out of me piece by piece, but I am smiling. I rejoice in this experience."

At 3:00 your body jolted. You started to tremble outwardly. You said, "The Lord is also showing me that some of these men repented and are reaching unto the Lord for His strength." At 3:15 you said, "The faith of this people has kept me here this long. Now the Lord is showing me that some of these brethren have been reaching unto him, yearning that they could speak to me. And He will honor their prayers. And as I can I will meet with them this day."

At 3:30 you said, "Something is about to happen. What is it?" Your body started to tremble. I could feel that something was going to happen with you so I got down on the floor. Your body started to tremble harder and harder and twist to the right side. At 4:00 you said, "There is so much more the Lord is showing me, so much." You said, "Wow. My whole inward soul is being jolted." You said, "Wow. There is such a fire burning in me. I am reaching for understanding what is about to happen." At 4:15 your body was lifted off the bed again as it was the other night, twisted, turned in the air, rolled in the fire. You landed back on the bed in the same position you had been lifted up off of it. Your body was

trembling. You curled up as you hit the bed again. Your head and neck was twisted around. You said, "Thank you, Father. Thank you, Father." You lay there still trembling. You went quiet until 5:00. As your body did that I could feel that father was here and also the burning power of peace that thrill of joy went through me. I could feel the Lord's presence.

At 5:00 you said – at first your back started to bow. It was like the Lord was taking the breath out of you. You jolted and you went still. You said, "The weight is so heavy. It is so heavy." You said, "I have asked the Lord to let me intervene for Michelle and Janetta. I am yearning that He will touch their hearts that they will return unto Him."

At 5:15 you said, "Wow, what am I seeing? What am I seeing?" You said, "The almighty power of the heavens is so strong. The Lord is showing me my great nothingness before Him that it is only Him that can do this work and mission. I am but an instrument." You said, "He is showing me this to show the brethren that yes we of ourselves cannot do this job. The Lord wants to bless us and He will bless us according to the way we seek in faith."

At 5:40 you said, "Oh, my. Oh, my, what is happening to me?" You sat up on your elbows and you said, "Have I said when I am leaving?" You haven't said anything about leaving. You said, "Something is keeping me here." You groaned and you said, "Oh, what is going on? What is happening to me?" You said, "My ladies, some of them are just reaching to know what they can do to be closer to me. The Lord will still have them reach harder."

You said, "When the Lord gives a directive and we don't meet it, there has to be a punishment." You said, "The Lord has been so merciful to us through this correction allowing us to have more time because of the shambles we are in and under." At 6:00 your body jolted. You said, "What was that? Oh, what was that?" You said, "I feel like my life is being drained out of me."

At 6:15 you said, "The Lord is showing me that He will touch the heart of this sheriff here that he will only serve those papers if he sees me." You said, "My movements from this time forward I will have to be so careful. The Lord is going to bring

me back here but it is going to take great faith to get me here. I am seeing that I need to bear influence this morning as those government officials come." You came to at 6:30 and asked what had been happening.

At 6:45 you said, "The Lord is showing me that many things." You said, "Put your hand on my hand. What do you feel?" I felt such a surge of fire, such a fervent heat flowing through you." You said, "Something big is about to happen. Something big is about to happen." You said, "I hope I warned my family in Short Creek in time." You said, "How easily we forget the Lord and turn to our own selfishness. And that is the test: Who will stay focused, stay at obtaining the blessing?"

At 6:40 you said, "The Lord is watching us closer than we realize. He is showing me the hearts of this people. Many are doing so well." You said, "The Lord is watching us, and showing me the hearts of many people. Many are doing so well. He is recognizing their repentance. Everyone is doing well. Some men are still learning how to exert fervent prayer." You said, "I am yearning unto the Lord to show me when to go, where to travel, what road to travel on. He hasn't let me go yet." At 7:00 you said, "I feel like my whole inward self is going to dissolve. The pressure is so great."

[Recording Starts In] ...revelation to me described it should bring such a thrill of joy to you. And that this quorum of five ladies who know of this when I leave on this land will be a strength for the redemption of Zion here even unknown to the people. Do you see what is happening?

Naomie: Yes, it is so thrilling. It thrills me.

This will need to be established elsewhere for Zion to be

12:34 p.m. Love of God Sealed in Carla

[Recording cuts in]...a witness. What do you feel? Speak louder. I can't hear you. Do you feel the burning peace?

Carla: Yes, Sir.

Reach it will flow into you. The Lord has a blessing for you if you can feel it. Honestly. Kneel to my right side. Oh so gently. Not over me.

Naomie, this goes on the record.

[To Carla] Put your hand in the patriarchal grip.
... Pray

Prayer:

O Lord, our God in heaven, hear thou this prayer and blessing as we lay our hands on the head and hold in the patriarchal grip dear sister Carl Jane Jessop Jeffs. In the authority of the Holy Melchizedek Priesthood which we bear, and by the keys and powers thereof we seal upon your mind and heart the love of God as a daily and continual increase to flow into you from this time forth and to prepare you for greater knowledge and ordinances and even the presence of God through your faith and according to your faith so shall it be. And you shall feel the bursts of heavenly joy as you stay focused on your Priesthood head and thus the Lord and even witness great things in the presence of your Priesthood head as you are prepared. But you must sacrifice all former notions and prejudices and feel the all-consuming fire from heaven that with a oneness reach for the strength of heaven to be a strength or you shall not see the sight or feel the witness. We invoke the Spirit of God upon you.

And what you are witnessing dear sister is the principle of atonement where the Lord allows His servant to atone through suffering with rejoicing to bring you to the knowledge of God and the greater gifts and the presence of God through your faith. Open your mind and heart and in every way you shall be purified and be able to understand the Celestial law of plural marriage in fulness.

O dear sister, even now you can be favored if you will set aside all pride and prejudice and feel the witness of the burning peace. And we say unto you: Receive ye the increase of the Spirit of God to prepare for the next step, praying Heavenly Father to ratify this ordinance and blessing in the heavens and give this dear sister the witness of burning peace that you have upheld this blessing and give it at this time in the authority of the Priesthood and in the name of Jesus Christ, amen.

**Revelation Given to
President Warren S. Jeffs**

*At the Place of Refuge R17
Monday, August 16, 2004*

1. Verily, thus saith Lord unto you, mine handmaiden Carla Jeffs: I, the Lord love you, and have reserved you to be a strength unto my servant in the fulness of the Celestial Law of Marriage through the bonds and covenants of Priesthood power.

2. And hear thou my voice burn in your mind and heart as I speak unto you, and know this my daughter on earth: Your sins are forgiven you; obey my servant, thy husband on earth, for he teaches you my will; and you know by the burning peace of my Spirit these words are of me.

3. And you can yet be a great strength and helpmate unto my servant and do my work through him.

4. And as you continue faithful, I the Lord will make you an instrument in mine hands in oneness with my servant, to receive and conceive by the power of the Holy Ghost, and bring forth pure children raised unto me in oneness through Priesthood.

5. Humble thyself further, and know that I am with you.

6. Seek unto me through the prayer of rejoicing in me and in thy husband and for one anther, and be not of little faith. And I will be with you. Even so, amen.

**11:43 p.m. Naomie's Testimony
Recording the days events**

I pray for Heavenly Father's Spirit to guide my words, help my mind be clear that I won't forget anything I shouldn't forget. You went through a very severe day of atonement and training. At 9:00 the officials from the government.

The CEQ the environmental people.

They came and were on the land for three hours about. While they were here you went through a very severe suffering. First you called in Lorraine and Millie and I. We had circle prayer. You sent Lorraine to your office and Millie and I were in

here while you went through a very severe session. You were laying on the floor.

On a white blanket.

On a white blanket. Your body twisted and was rolled over several times. It didn't lift up off the floor and go through the air really, only that it was picked up and set down hard at times. You rolled on the floor several times. I know you were going through the fire. I could see the heavenly sentinels standing around you several times today. I knew that the Lord was here and father was here. Every time you go into session I yearn that the Lord will increase my vision. That I won't just think I have already seen it before but that I will reach for a greater understanding and knowledge.

At 11:00 you called Lorraine in here again and we again had a circle prayer you praying – your first circle prayer praying that the Lord would allow you to atone for the cement project not being done that this people would be protected against the government officials that their hearts would be touched; for the family in Short Creek those who are falling away. Again you sent Lorraine out to pray and you talked to Millie and I for a few minutes and told us we needed to exert our faith and be a strength that we would witness many things and to not just be satisfied. You sent Millie out to tell Lorraine to go get Carla about 12:30.

Did you describe what you saw in the morning or was that the afternoon.

That was in the afternoon. Carla came in. You had sent me out to tell her to smile and pray and to not seek anything except for the Lord's will, to be directable and to pray fervently. As I stepped back into your room, I knew that you were atoning for all of us to be in your presence at this time. You were laying on the floor still on the white blanket and as I stepped back into the room I felt that serge of fire go through me. And I looked at you and I could see the pillar of fire surrounding you. You were suffering so intensely. You said, "Kneel down ladies right where you are." So we knelt down. You trembled. Your body shook. You said, "Carla come here." And she walked over to you and knelt beside you. You asked her if she would believe. I didn't hear her answers.

She said, "Yes."

I didn't hear everything you said to her but you told her to go to your right side and you sealed the love of God in her mind and heart.

And that was recorded?

Yes.

Okay.

Then you had me come on your right side, Millie in the middle and Carla on your left. You told us to join hands. I could feel father here so strong. I knew that you were yearning and he was yearning. You kept telling us to pray for each other. You went through another severe atonement. You said, "I am just reaching for you ladies. I am just reaching for you."

I embraced Carla trying to put the good Spirit in her. I went through a severe atonement while I was embracing her. She was weeping while I was going through it. I think she felt it.

I am sure she did. How could you not? I mean how could you not?

I yearned she would feel the fire. Okay. Go ahead.

You held her for quite some time probably twenty minutes while you were going through that atonement for her, for all of us. I felt it was for all of us. Then you had her kneel up and we had circle prayer. While you were praying, you twice invoked the Spirit of God, the Holy Ghost upon us that we would be filled with the all-consuming fire and feel the presence of God. You said that three times in your prayer. And every time you said it I kept reaching to understand what it meant. And the Spirit whispered as I said in my heart, "Father in your time I want to see you face to face." The Spirit whispered, "You have seen me face to face. You have been in my presence. You are in my presence. You have seen my servant and thus you have seen me." And I rejoiced. I thrilled at the thought that I knew it was true that you are like Him, perfectly like Him and I have seen Him because I have seen you. I felt such a burning witness and fire, the all-consuming fire, yearning that it would be stronger than before. It seems that every time there is a greater increase, before that increase comes there seems to be a thrust of darkness. It feels like the evil powers try to thrust a darkness and yet I feel, especially as I pray for you,

such an increase and the darkness is so undesirable but it makes me reach harder though to feel the fire stronger. And there is always such — like you have described, bursts of joy and I felt that. You gave a private revelation to Carla, encouragement. After you were finished you said, "What do you feel?" You embraced her again. And you told her there was still more training and you gave her the training of comfort and renewal. You told her to go get ready and she came back and you had all four of us in here for a time — Lorraine, Millie, Carla, Naomie.

You had Lorraine go out and Carla and Millie and I stayed in here. You had us back away from you. It was about 4:00 in the afternoon. You went through a severe atonement again. You were laying on the floor and you were twisted, turned over, curled up and twisted; turned over and curled up and I witnessed and I could see a personage like they were bending down and touching you. And every time they touched you, you would twist and turn and curl up. Again you went through the fire. And I could see father standing there too and I could hear his voice say, "Now you know what I went through and no one knew it."

I agree.

I felt the burning power of God the burning peace that He was in it. Though it is very painful to watch you suffer, there is always a burning peace witness that the Lord has you in hand. For about twenty minutes, you only took about five breaths during that time. You went unconscious. The Spirit whispered, "You better do something." because for about five minutes you didn't take a breath at all. And I sat there for a minute wondering so I went and knelt down by you and I kissed you and you aroused and you said, "Did I go unconscious?" And I said, "Yes." And you went unconscious again. So I started rubbing your chest. You aroused again. You came to and you said, "You better move back." So I stepped back and again your body trembled. You didn't twist over but your back bowed and you were picked up off the floor and set down again hard. And then you went unconscious again, weren't breathing. Again I was sitting at the edge of the bed. I again sat there for about five minutes and you took about two breaths during that time and again the Spirit

whispered, "You better do something." That is when we started trying to revive you and we went through a very good experience. You had been in such severe session that your life was gone it seemed. Your atonement lately has brought you right to death. I know it is only the Spirit of God that revives you. We are just here to be an instrument of that Holy Spirit. You did arouse around 6:30 and you were able to get up and get ready and then you called the four of us in here. We had circle prayer and you talked to us a few minutes. Then you had the five ladies here at R17.

Name them.

Paula, Margaret, Lorraine, Carla, Millie and then myself was present and you gave us a training also warning against what the evil powers will try to do. That we should never do anything unless we are with you.

As far as seeking the heavenly powers to be present.

Yes.

Don't ask for manifestations.

Then you were able to eat a little and you went out and had some appointments with some men here.

You can name them: Sidney Barlow, Jim Jessop, Luke Jessop, Will Jessop, Joseph Steed Jessop and Moroni Steed – Joseph Steed's son. Okay. That took me until ten minutes after 9:00.

And you read your letters, testimonies from the brethren.

Got done before 10:00.

Then you were out with the family.

Then I walked around and saw the temple site, the temple quarry and the First Presidency home, storehouse, Uncle Merrill's family moving into the basement of the duplex. Ate some peach cobbler and now it is midnight.

12:36 a.m. Dictation of a dream

Dictation of a dream I had this week where the Lord showed me the condition of the people at Short Creek. I saw a large building the people called a temple being built in Short Creek of exceeding fine workmanship and the people were flocking to this building and somehow I was able to enter in and see what was in this building. And as I went from room to room the people, the Priesthood people were marveling at the exceeding fine workmanship and beauty of the building. And as I went to these rooms, there were certain apostates there praising the leaders of the apostates and giving glory to men. The names of Dan Fischer were given: Behold what Dan Fischer has done room after room here and then Winston Blackmore, Ward Jeffs, others. And as the people went in these rooms looking at the beautiful rock work and finish work, they were told this is the room that you can do this compromise in; go undressed or in this room you can partake of the world's entertainments, there is no harm in it. And the people marveled at the workmanship and began a compromise, glorifying these men who are our bitter enemies and yet starting to say, "What is wrong with this, and what is wrong with that?" listening to the apostates. I tried to tell people to not come in there but they would not listen to me and I left that place weeping seeing the people believed the reports and doings of apostates, seeking after their pleasurable ways. The Lord is showing me there is a great falling away taking place in Short Creek through complacency and listening to evil reports. This reminded me of the dream of Lehi and Nephi the great and spacious building, the pride and glory of the world that had a great fall. In this dream I had to leave Short Creek because of their idolatry.

End dictation.

5:46 a.m. Naomie's Testimony of What Happened Through the Night

You retired to bed last night by 1:30. You said you were still wide awake. I could feel the heavenly powers approaching by 2:45. 3:00 your

body jolted. You said, "They are here my dear. They are here." I could feel.

When?

At 3:00. I could feel the all-consuming fire as I was laying there next to you. It was just serging from you. At 3:30 you groaned and said, "Oh, my. Oh, my. What is happening?" You said, "What am I seeing?" You went quiet for a few minutes and then you said, "Wow. Okay." You said, "The Lord is showing me how many of our Priesthood people are just flocking to the gentile entertainments, enticements of the world." You said, "Especially many of the young people." You groaned again and said, "Oh will there be any faith left when I come?"

Will there what?

"Will there be any faith left when I come?" At 3:50 you said, "The Lord is watching us here very closely and He is recognizing the repentance of this people. We must in sackcloth and ashes go before Him." You said, "I have been reaching to know if the Lord wants me to go forward with this girl and Edson Jessop. I still get the answer, "No, she is not ready." You said, "The Lord has given us many deadlines and now He is through with that. He wants us to see if we on our own can get this work done without meeting a deadline." You said, "When the Lord speaks, I move; that is how it should be with every man, women, and child on this land." At 4:30 you said, "Oh, my. Oh, my. What is happening? What is happening?"

At 4:45 you said, "The Lord wants me to tell the Bishop, "Make sure this people come out from under the spiritual shambles we are in." It was shortly before 5:00 you twisted over in the bed. Your body started to tremble to jerk and jolt. It trembled violently for about twenty or more seconds. You kept twitching. At 5:10 as your body was trembling you said, "The Lord is showing me that I am going back to R1 for a time. Oh I am yearning that mission to succeed. They must be ready.

At 5:15 you said, "What is happening to me? I feel so wiped out." You said, "The Lord is pleased with this people as far as they have gone in their repentance. They must beware and continue that repentance. The Lord is through with the halfhearted and He has told me to be through with

them. At 5:20 you groaned and you said, "Oh, would to God my family in Short Creek were here. I won't bring anyone until the Lord directs.

I what?

"I won't bring anyone until the Lord directs. But He is showing me that some of them are fervently preparing." And you said, "But I will wait on Him." You groaned and said, "There is so much work to get done. They must get down to business and do it." You groaned and then you came to at 5:30. It is now 6:00.

8:04 a.m. Naomie's Testimony of What Happened Through the Night

You arrived here at 3:30 this morning. You greeted everyone and even sat and talked to us for a few minutes. You told everyone to prepare their mind and hearts and be ready for whatever the Lord had for us. The Lord didn't allow you to be at Good Words, took you in hand by about 6:30. I could feel the fire serging from you stronger.

While you were talking to me and telling me what I needed to beware of to get rid of the deep seeded prejudices, you were taken into session. You were giving me a hug and I could feel such a flow of fire from you.

I was sitting in the chair?

Yes you were sitting in the chair.

Laying back in the chair?

I am so grateful for the correction.

For all you ladies, the correction is ever so slightly you are stepping across that line of judging without authority and thus dictating the Priesthood over you or holding him back because you have been inspired, you need to all seek a greater humility is the message they just received.

Yes Sir.

Humility is the key still. Humility of service. Serving of God through your Priesthood head, rejoicing to bless one another to be a strength to help serve me and be a strength. Go ahead. Thank you.

It was right at 6:00 when you were taken into session. You gave me a few more instructions how to seek the gift of being more directable and in tune with you. At 6:40 you said, "Oh, my. Oh, my. What is happening to me? I feel like I am on fire. What am I being shown?" You said, "Everywhere I turn there is a roadblock. This mission can't go forward until we are one and we are not one. We are not one." You said it again, "We are not one." Your body trembled. You twisted in the chair. Your back bowed out of the chair and you went through a very severe trembling like you did when

you were conscious around 8:00 this morning where your whole body trembled and the chair shook.

Was I conscious?

Do you remember? Do you mean this time – the first time?

Either.

I don't know. Well, I thought you were the second time but maybe you were not. You said, "We all have to exert greater love for one another."

Isn't that interesting what I have just said to each one?

Yes.

The revelations of God are in oneness with the revelations of God. Go ahead.

Your body continued to tremble to jerk and jolt until about 7:15. It wasn't just really severe the whole time. At times it would get more severe then it would lighten up a little – at least outwardly. I am sure as you are in session your inward self is always going through that trembling, atoning for us that we might be able to continue on. There has been such a heavenly peace here and again this morning I was tested with that darkness. So often I know the times, well, it always feels like it is thrust upon me but I don't want it. I only had to look to myself and see where.

Are you seeking the heavenly strength even of renewal where your physical weariness doesn't weaken you? Are you fervent in that service of your Priesthood head? I told all of you that when the feeling that you are going to suffer because I am suffering comes upon you, you give it to me. You need to lean toward me. You need to be fervent. As I start into a heavenly session and you not even knowing that is happening, you know you should already be more fervent so it doesn't happen. It is going to keep happening until you finally pass the test which is already know it is going to happen and already be fervent. Just like anybody who knows: I always fall into tests at this condition, and then they just expect it; whereas the correct principle is overcome it, be doing the right thing of good so the evil can't thrust upon you. So that can happen so long but it could turn from a test to a judgment if you aren't careful.

Okay.

Do you understand?

Yes Sir.

I am grateful for tests, but why are they given me? To seek for the greater spiritual strength to pass the tests. And yes there will be others and maybe even a more determined effort of the evil power **to come at me**. You should be receiving the strength. It is how revelation works. The Spirit of God if you are in tune will tell you, "Pray harder now," because a test is coming and then you will flow right over it.

Okay.

You got it?

Yes, Sir.

Okay. I will be quiet.

Thank you. I sure want to do it right.

You are doing well. Go ahead.

But as I yearned and prayed for you that darkness went away. I yearned that your prayers would be answered in our behalf that we would let go; that I would let go of anything that was holding you back in me or holding me back. And I truly felt the Lord's presence here this morning and I felt Him reading all of our hearts, reading my heart and telling you. I know it is His great love extended to us to show us ourselves as He sees us. At 7:30 you said, "The Lord is watching us." You said, "This dream that Ora had was so wrong. I am sickened by it. I am just sickened by it. And you said, "Couldn't she feel that it was wrong?" You said, "The devil is trying to destroy that boy, not the Lord. It is the devil."

Through his own mother. Thank God she didn't obey the revelation. And if she hears this, thank the Lord she hears this. Go ahead.

You said, "Patricia is doing well. She needs to follow the sweet whisperings more. She is always peaceful." You said, "Naomie, you need to humble down. Do you understand me? Humble down. Seek the gift of greater humility and love in all your relationship center them in me." You said, "These younger ladies, they need to get closer to me, seek to get closer to me and not always hold back. To seek the gift of getting close and they

need to follow their promptings of the sweet Spirit." You went quiet.

At 7:45 you said, "I am having the most damnable dreams, damnable dreams." And I just yearned that the Lord would bless you. I realize that I need to be a greater strength that the Lord will give you the revelations. I know that no matter how much we are tested, I know your tests are so much greater, a thousand times greater. You groaned. You came to at 7:15 and you said, "What has been happening? Everywhere I turn there is a road block. This mission isn't going forward, I am stopped. At every hand I am stopped." You said, "I was sent here to atone that we might be one. That is what the Lord was showing me last night in the car." Right then your whole body started to tremble. You went through a very severe trembling and jerking. Your whole body seemed to just rattle, tremble so hard, shake so violently. Your back came up out of the chair but your head and legs it was like they were pushed into the chair while your back was bowed out and you were trembling, kind of twisting to the right, not fully twisting to the right but your body was leaning that way. You weren't picked up off the chair because your head and legs were still touching the chair. Your back wasn't. It lasted for about two minutes and then it was like

Like or just was.

I caught myself. Your breath was taken away. You lay there for about two minutes not breathing. Then you took a big breath and your breathing started to be normal. You said, "I am willing. Hold not back Father. Allow this mission to go forward. Hold not back." At 8:10 you said, "Tammy needs to follow the sweet whisperings more and stop fearing that she is doing the wrong thing.

That is what I told her.

Yes. You said, "Ruthie is doing well. She just needs to stop fearing and doubting herself and let the full Spirit of God take hold of her and she will find that she feels better. She will find the Spirit that she is carrying will enliven her because it is a special Spirit and she will be a beautiful mother if she will just overcome her fear against herself. She will find she feels better when she will overcome the weakness of body." You said, "We

all just need to be more humble and directable. Live unto the Lord; giving our all to Him through our Priesthood head." Then you went quiet. That is the last thing you said before you came to.

And then:

I started talking to you and then you said, "Put the recorder in front of my mouth. You recorded a message to Ora. And I went and played it to her and she was so grateful. Said it was an answer to her prayers, to tell you thank you so much. Then when I came back. You recorded a message to Kate and to Tammy and to Patricia all individually. I went and played it to those three, played their messages to them.

Individually.

Individually.

And each reaction?

Kate's reaction was she was so grateful. She had been yearning to know where to do better and to tell you thank you so much. It was an answer to her prayers. Tammy said the same. She was so grateful. And Patricia said it was an answer to her prayers too. And to tell you she loved you so much.

All of them are desirous to obey. It is not like they are in rebellion.

Yes.

The devil hasn't got hold of them; he is just trying to. Just smile and pray.

Yes, Sir.

8:24 a.m. Message to Ora

Dear Sweet Ora,

I am not able to come to talk to you personally right this minute, but I need you to be aware. I have felt your Spirit on my arrival, and I have read your letters; and I say to you, the evil powers are trying to deceive you and overcome you to where you think the impressions and dreams you are having are of God and they are not of God and you need to be more close to me. This dream of what you said I had you do to Rulon is not of God and you need to be awake. You have learned of the secrets of heaven in doing my record and I have observed many of your letters to me you have turned to assuming your impressions were in oneness with me which is so dangerous. You are

not lost but you are being tested greatly. Turn this around my dear, father's dear, our dear. You have been an inspired woman and have seen and felt marvelous things and you are being tested to the degree of the blessings you have had.

I have been gone for a time and leaving you to be tested. Your ability to be inspired means you can also listen to the whisperings and dreams of evil. I felt your Spirit as I came in last night and it was not fully peaceful. There is the witness that something is wrong. You just need to refocus, all is not lost. You need to humble yourself more. You have had fears and doubts against yourself and in reaching for comfort you can get over anxious for revelation. And this is your weakness, demanding revelation when the Lord isn't ready to give it to you means you are wide open to the wrong revelations. You have been so anxious to qualify. This is a pride in you where you are ever so slightly dictating God. And now the evil powers are trying to thrust upon you and thus attack me. And you know too much. You know of my record and doings. It is turning you to depend upon your own inspiration more than the revelations of God through me.

The devil is trying to take hold of you. Now repent of this fine-tuned pride, of these little deep fears and turn to the prayer of rejoicing, and stop reaching to be led in a wrong way where you are insisting to know and understand with a little fear being your enthusiasm in your push. Receive this correction and you can move forward. You are just being tested, and the blessings the Lord has for you are great. Now humble down and calm down. In all my yearnings to be led, the Lord is teaching and has taught me to go His pace. You have felt the all-consuming fire from heaven. Now come alive. Check these things against what you know you felt in my presence. You have been tested by the evil powers away from my presence. Now check the difference, humble down, acknowledge this truth, believe, and let the Spirit of God awaken your mind where you have been deceived, lest you fall my dear.

If you think this dream and other things that make you so anxious are of God, the devil is trying to overthrow you and attack me through you. I give you this sweet invitation of the Lord to refocus and this is His merciful arm through me

reaching for you to stop this wrong course. Even your overanxiousness to talk to me was a dictating me. That should be a signal to you that the evil powers are trying to thrust upon you. Now I love you. Hurry and turn this around and you can move forward in this mission. I can see the evil powers are trying to overthrow this mission in fine-tune ways in you and others. Be at peace. I love you. I will talk with you when I can. God bless you.

9:04 a.m. Message to Kate

Dear Kate,

I have a message from the Lord for you as He has sent me here and been revealing our condition. He has shown me that you are one of the roadblocks to this mission for you yet have elements of pride or in other words, strong selfish will that you must go and repent of before you can attend me and participate in greater witnesses and heavenly session and greater ordinances and knowledge.

And one of your great prides is though you express love in your heart toward others unto the Lord you have a great lack of showing that love even to a withdrawal from the many good things you could say or do toward others. And this is a witness that you yet carry deep seeded though ever so small prejudices against sister wives. Your love has not become unconditional toward them though your expressions toward me you feel you give your all and is unconditional and total, totally dedicated. You so often don't receive the increase of the Spirit of God you could receive because you want a oneness through a selfish relationship with me or in other words, you want my will your way and are leaving that necessary second great commandment out of our relationship in your feelings towards others. All isn't lost. The Lord is having me train you this so you will go to Him, He will show you your heart.

Even when you have been a little bothered toward this sister wife or that sister wife, and as an unmarried girl often does, she just withdraws from people so she won't be bothered, and yet continues in the deep seeded prejudices, thinking you can be close to your Priesthood head and yet not have an active love unto a blessing of your Priesthood head by blessing all who are apart of him -- in your

feelings I am talking about and thus the works often are withheld.

I will site one conversation the Lord brings to my mind I had with you when you moved upstairs into your room. And you said because of Naomie's mess you didn't feel the Spirit of God in that room until you got up to your own room. And I say to you, what was Naomie going through unable to attend to that room and why didn't you offer and help and be willing to receive confidence and give help to clean up that room. Why did you just endure it and not help when you could? And yet you want to be close to me and used by me.

My dear, you have great knowledge and experience being offered you while I am here. Confess these weaknesses before the Lord lest you be prejudice against me as I have you assist others to assist me. You have felt the witness of the presence of God and now you must beware of the pride of inspiration where you step ever so slightly over the line into the dangerous area of feeling your inspiration about others you can judge them. The Lord wants this cleaned up so this mission can move on. You need to love others more in your heart first and then flow with sweetness. You put on a sweet smile. You don't do any outward wrongs. You work hard. Even the little things the girls do or don't do you think they should be doing or not doing you just tolerate. You need to seek the gift of greater love for your sister wives who are part of me and father and Heavenly Father.

Receive this message so that you will be able to come into my presence in a heavenly session. The Lord is letting me atone for you and others that we may hopefully clean up this group of ladies so they can go forward. I love you and God bless you.

9:12 a.m. Message to Tammy

Dear Sweet Tammy,

I have a message of the Lord for you as He has been revealing to me this morning the hearts of you ladies here on this mission that even you present a roadblock to this mission and that is so often you hear the sweet whisperings or the Spirit of God and you turn to fear and doubt against yourself and you don't respond. Even to cause you to fear to bless someone else when you could do so much good.

You are favored of the Lord with a heavenly sweetness and many look to you as a good example but this is the warning: When the Lord whispers, yes pray for me, act in oneness, check in but when you resist a sweet whispering of a good thing you could do just for fear you might offend them or for fear it is not just right that fear could invite the whisperings of evil and you could be led away from me.

Now you haven't done any great wrongs. Where you need to improve is the kind words and actions toward others that will cause the love of God to grow in you stronger. You do right in not seeking others to acknowledge you and give you the honor that is wonderful that is a right desire, but you are now using that as a fear. The Lord has great blessings for you while I am here if you will just acknowledge this and fine-tune your inspiration to be in oneness with God and me and in love for others.

You are beautiful in the Spirit of God. Great blessings await you. Humble yourself to be so directable and you will find out that what the Lord has me require of you and teach you that you have already had impressions prompting you to the obedience needed. But when I speak and this weakness is in you and you hesitate and don't do out of fear what I tell you, if you don't do it you could miss the blessing and the witness. Love to be a strength. Reach for the gift of oneness. Love to reach for the strength of heaven through me and Priesthood and return it to strengthen me and you will do just right. I love you and you can do it. The Lord is allowing me to atone for you ladies right now to show me these things and to give you an opportunity to continue on. Be ready for whatever the Lord has for you.

9:17 a.m. Message to Patricia

Dear Patricia,

Patricia, the Lord has been revealing the hearts of you ladies to me and is allowing me to atone for all of you. And He wants me to voice to you to prepare to receive whatever He teaches and directs. Be reaching for the heavenly sensitivity of the burning peace. The Lord has already been giving you promptings and whisperings to prepare you for the next steps of advancement and often you have just dismissed those promptings. Be ye

believing when the burning peace witnesses truth. Wait on the Lord to instruct you through me the one in authority giving you the revelations and trainings and be so open in your mind and heart you will see the beauty of the trainings and ordinances of the fulness of the Celestial Law.

Prepare yourself and humble yourself and tell the Lord you are willing to go through and do whatever He requires and don't have any prejudice against His will. Because you don't understand a thing doesn't mean it isn't true. You have to give yourself unto God and Priesthood and obey and reach to feel the witness of peace and you will gain knowledge by experience. Be prepared. I love you.

3:51 p.m. Calling Jim Oler

Hello. Brother Jim, this is Warren Jeffs. Can you hear me? Are you able to hear me? Okay. I needed you to know that the Lord released Ernest Jessop and Allen Steed from this mission and are no longer part of it. And brother Merrill Jessop is the Bishop at R17 and his two counselors are his son Raymond and also Joseph Steed, Uncle Newel's son. You will be working with Uncle Merrill. I hope to see you sometime and go over some revelations and directives. These two men that were handled do not hold Priesthood and you need to be careful in your contacts. Alright.

I said Ernest Jessop and Allen Steed were at R17. You know where that is. And the Lord corrected them and sent them away and they do not hold Priesthood. Your contacts are now Merrill Jessop and his counselors. Merrill Jessop is a Bishop now, in Texas. You will not be working with the men that have been released. Allen Steed is not a patriarch, he does not hold Priesthood so do not inquire of him for those blessings. And I have told brother William Jessop in Short Creek the same. You will need to hear some trainings and revelations to see what has happened and how the evil powers have tried to thrust upon us through these brethren and also you need to beware because this mission must go on. What I mean is be inspired so the deceptions of satan don't come upon any of you there.

Anything I can do for you?

Yes.

Are his horses collateral for something?

I see.

We sure do not need to carry on with that hunting project, okay. And I should, I hope that soon I can connect with him and take care of him.

Yes. Make the men involved with this mission aware of the change and a judgment and the Lord is warning all of Zion's camp the time is so short we don't have time to be halfhearted. He has been having me clean up the halfhearted among Zion's camp now and that is what is taking place. But you would have to listen to the trainings and read the revelations to understand and I better not do that over the phone.

Yes. Yes.

She wants to be part of the Priesthood?

Yes.

They should have no marriage relations. She would need to be rebaptized. And you need to discern her spirit if she is serious. Using Section 20 verse 37 as the guide. And then she needs to write a letter of confession to me and her testimony and what her desires are, and I will also discern that. But is this, this isn't any kind of a trick to get her children is it?

Very good. Have her write a letter to me. But ~~they should have no marriage relations at all until~~ they are resealed because she has broken her covenants. And I need to know if she has been with other men in any form at all; even on dates, even just out in the world. She needs to make a true confession.

Yes with the cabins on them.

Yes.

Hold off for now putting them in the UEP please. Do what you need to to take care of the people.

I love and appreciate you. Make sure you are helping the people in their spiritual growth with all the physical effort going on. Okay. And tell brother Mack he is not forgotten. I am just having to be very careful with my movements. I was warned I had to get elsewhere when I came that direction. Greater faith will do tell him.

Anything I can do for you?

Did LeRoy wire you any money and do you need some more?

Uh oh.

Well do we just need to write you a check?

Okay. Alright. Heaven bless you and I will see what I can do. Goodbye.

4:51p.m. Dictation at R1

Thank God for God Himself and the witness we have of His almighty power and He is guiding the events of worlds, the heavens, and the earth, of nations and of individuals. I am here to do the will of my father and thus Heavenly Father for they are one, and I am at peace with that knowledge yearning for the testimony to grow stronger and stronger, the love of the Father perfected, crying unto the Lord day and night for deliverance for His work; yearning to stand true to the covenants of Priesthood and the Celestial Law.

While I remember, I just got off the phone with my brother LeRoy Jeffs who is in Short Creek. He told me that Rod Parker sent him a summary paper saying the Priesthood, the Church has paid the Martinel firm 2.3 million dollars since we retained them on all these lawsuits and also 3 hundred thousand dollars we have paid them for just the Rod Holm case. We are now under attack in three lawsuits: the Dan Fischer - Ward Jeffs lawsuit accusing me of doing wrong to Ward Jeffs' son which is of course their concoction. Now Shem Fischer lawsuit against Forestwood has included the church and the corporation of the presiding Bishop. I hold that office and also the UEP a civil rights lawsuit on losing his job as he accuses us. Accusing the Priesthood of making him lose his job. And then there is the Canadian lawsuit trying to get the meeting house up in Canada, filed against he UEP etc. So the apostates have combined from all sides, the Utah government, Arizona government is in conspiracy with the apostates. We will soon see the halfhearted among us joining. As far as I understand it was my father's signature that purchased the Carling land and we owe 156 thousand dollars on August 25th next week. I am determined to uphold my father's obligations.

I have called LeRoy Jeffs, my brother, to tell them to make the final payment on that land and search for a place to put the deed of the land not in the UEP or in the Church as we are under direct attack.

I talked to Jim Oler and he had two parcels with cabins free and clear of debt and wondered if they should be put in the UEP. I told him no, do what he needs to do to take care of the people but don't put it into the UEP trust right now as that part of the UEP is also under attack.

LeRoy told me that the enemy is searching for me fervently to serve me the papers on this lawsuit. And if they can't find me they are petitioning the court to make a publication through the news media that this lawsuit is filed and that I will have to hear it from the news media so they can carry on with their case. I told LeRoy to make the payment on the land before they could freeze our bank accounts or assets.

The evil powers are raging, attacking from within and from without. Truly the test is on. Who will love God and Priesthood and the Celestial Law more than their earthly physical salvation? Who will seek their eternal salvation most by loving God above all? I just reach unto the Lord to guide me to do what will please Him. We will lose the United Effort Plan land and the church organization. ~~The persecution will come against~~ the faithful there and will affect the people on the lands of refuge and it will only be the Lord's deliverance that will preserve His people on earth.

Our lawyers told us that they are worried that we can't pay the bill; so I told LeRoy to ask them if they would consider taking this Carling land as collateral to continue our defense which makes our lawyers our enemies to take our own lands. But the judgments of God are upon the Priesthood people because we would not prepare and through tribulation this people will be humbled. I will be the center of attack and then my family, then the First Presidency and their families.

I am also informed that the sheriff in Texas is looking for Uncle Fred and asked if he could be in phone contact at least to try to stop that attack. Thus far the Lord has touched that sheriff's, sheriff David Doran in Eldorado, Texas, Schleicher county; favored us thus far as the Lord showed me

He would soften that man's heart if we would be faithful. I am expecting arrest warrants, subpoenas, witnesses called, our enemies are trying to cripple us financially. The Utah government is concerned about the Rod Holm appeal, seeking of the government to overturn laws against plural marriage. I leave it in the Lord's hands.

Going back to my last dictation, Sunday night at 10:30 from 1:30 until 7:30 in the morning into Monday, I went through a strong heavenly session of atonement. The Lord showed me I should stay on that land in Texas in seclusion and bear influence with the Lord as the government officials would be on the land. I had Naomie go send word to Uncle Merrill to have all the workers gather for circle prayer by 8:30 and as the government officials were on the land to sit still praying fervently for deliverance that the Lord would soften the hearts of these government officials. I sent word for all the families to do the same; have circle prayers in their homes and sit still, praying for deliverance, asking forgiveness of the Lord for our slowness to prepare. And so from 9:00 to 12:00, the people at R17 performed that work of fervent prayer. And the Lord had me in hand and took me through another severe atonement required for the blessing to be granted. I thank the Lord for His mercy and the privilege to continue on.

Through this experience of atonement he has been having me train my ladies in the fulness of the Celestial Law in connection with the marred servant and atonement principle. Carla was trained in that mission. The Lord showed me that the faith of the people kept me there that certain men were yearning to talk to me, make confession and clean up their lives. And so, by 8:00 in the evening I was able to meet several brethren for appointments mostly making confessions of secret sins they hadn't confessed before. None of the brethren had continued in sin and many of their confessions were already confessed previously. I encouraged all whom it may to continue on and I left them in the Lord's hands to see if they could qualify to be temple builders as the Spirit directed.

I received word that the government officials hearts were softened. They did write up some violations but they can be worked through and they

seemed willing to work with us instead of drive us away from the state for Texas. So the Lord favored us and the Lord also showed me He would soften the heart of this Sheriff Doran that morning and the Lord has done this.

Late Monday night I walked around to the projects. Some of my ladies who haven't been trained in helping me have been pressing me to understand what more they can do: Velvet and Jenny Steed Jeffs and Mother Kathy, others by letter just yearning to know how to be closer to me wanting to succeed in this mission.

I told them to be fervent so I could come back to that land and continue that training. That is what the Lord showed me that many more were yearning to be close, but He would allow them to be tested further to see if they meant business.

I gathered the five ladies living at R17 who were trained in this ordinance of comfort and renewal in the Celestial Law with the Keyholder of Priesthood. Five of my wives and Naomie present. I gave counsel for them to meet in circle prayer at 9:00 p.m. each night and pray me back to that land that they can continue their training and experience with me. And I gave then strict counsel on being morally clean and pure in the Celestial Law and to focus their faith on God and Priesthood and their Priesthood head and that they would be tested when I left. And I gave them a key that once they come into acquaintance of the all-consuming fire from heaven in the presence of God, the devil will be allowed to test them stronger and to remember that any manifestations from God will be in my presence in their behalf as far as their advancement.

The devil has been trying to thrust upon us from all directions. So I warned these ladies strongly to humble themselves further and seek for greater light so that when I met them again I would see a greater degree of the Spirit of God burning in them. And I have awakened to what the Lord has been trying to show me that He wanted the fulness of Zion established on that land of refuge in a very quiet, private way, bringing individuals into the presence of God, making them acquainted with His almighty power as they all acknowledged feeling that heavenly power. Four ladies received revelations from the Lord through His Mouthpiece

namely: Annette, Paula, Carla and Margaret. And I left each of those ladies with a copy of their personal revelation to refer to.

Naomie and Ida are also trained in that mission, but I consider them headquartered at R1. The Lord kept me on the land in Texas through the night. He showed me that when I left that land their tests would be greater and they were given the trainings to pass the test if they would obey. I went through the atonement process into the morning and I experienced further training of the Lord how that connection of the ordinance of comfort and renewal must first be the ladies being filled with the Spirit of God giving me further experience in this.

About 11:00 I met Merrill Jessop the Bishop and I pointed out where his house should be built, northeast of the First Presidency house. I emphasized to him: You must keep the spiritual growth taking place among the brethren and the families. I counseled him on how to counsel the brethren, using his son Will where Will asked, "Should I let my wife have roller blades?" And Uncle Merrill counseled, "Give your family room to wiggle. Don't press on them so hard." And I said to Uncle Merrill, "You need to teach the brethren in their counseling them to lift, to exalt their questions higher. They need to ask, "How do I help establish Zion and live in the increase of the Spirit of God?" and teach their families, "Does that thing they want to have or do qualify you for Zion and the increase of the Spirit of God?" And Uncle Merrill received that counsel. I told him I failed to mention the rock project on the meeting house that had to be done also. Then we walked over there and I pointed out how they needed to improve the quality on the Lord's house. I emphasized: Keep the rock quarrying going and the foundation dug. I told him I would be in contact with him if any other instructions were needed.

I told the family I had to be gone off that land by noon as the Lord had directed me to. I gathered them at 11:30 in the morning, Tuesday in the Sunday School room and gave them strong instructions on the keys to open the doors of deliverance that they were given; the key of fervency of faith, the key of the prayer of rejoicing, the key of reaching to be led and being led, encouraging them to keep Zion growing and to

pray me back soon as I would have to return and the Lord give further revelation.

I read through the letters of the brethren as the Lord had told me to have the brethren write me letters, each a letter, describing their feelings of what they witnessed August 13th, when the Lord took me in hand and allowed me to atone for the people. And while the brethren acknowledge it was the Lord doing it some of them declared it was the greatest spiritual experience they had ever been through feeling the power of God present and how it humbled them to yearn to pray. So I thank the Lord that His ways will humble us.

I encouraged Merrill Jessop that part of the preparation to build the temple is to build up the storehouse and get food stuffs there against a time of need.

The family clung to me, the children clung to me. The people at R17 know that if I don't come back before October 1st, they are rejected of God. They have become most fervent. Many of the men declared that October 1st is the most important deadline in their life and they want to qualify to be temple builders. Many men came forward confessing old sins, none are really little sins or justifiable but they had repented and just wanted to make sure their confession was in order. The Lord was giving them an opportunity to go forward. I need more revelation on the temple; pray the Lord to bless us and let that temple project go forward. The devil is trying to cripple us financially so we can't build this temple and then we have this land payment besides. O, we need the Lord to open the way and show me what to do next. There will be a people and the redemption of Zion will go forward notwithstanding all the opposition. I just want to know what to do next the Lord's way.

I left at noon and traveled to R1 into the night, arriving around 3:30. The first person I met was Ora, and I right away discerned she had a troubled spirit; handing me two letters anxious to read one with me. Everybody awakened and came to greet me and she didn't get the opportunity, but I did read the letters. And in one letter she claims to have had a dream of the Lord of sacrificing her son Rulon, our son Rulon. And I felt the strong warning of the Spirit of God that this was a thrust of the adversary and I just shred the letter. As I met

the ladies I reached unto the Lord knowing that He sent me to R1 to establish the fulness of Zion and He didn't name any unto me except for little Millie and all I could do with that girl is talk with her on how to be fervent and get close as she hasn't matured physically yet. But she is fervent in the faith. And I got settled by 6:00 in the morning and I went into the heavenly session and the Lord showed me that these ladies at R1 all are holding back the redemption of Zion and one by one He showed me their hearts. And as I came out of the heavenly session, I recorded a message to Ora and a separate message to Kate and a separate message to Tammy and a separate message to Patricia and through the day I have been able to talk to Millie and Veda. I talked to Naomie before 6:00 this morning about what the Lord was showing me what was holding back this mission and overall, among all the ladies here, they have withdrawn from each other and don't fully exert a love for one another.

Ora is in danger of deception I warned her that she feared and also she has the weakness of aspiring in a manner of being anxious to witness things when she is with me or wanting to be with me in a heavenly session and she needs to be careful and not name what she thinks is happening but just what she witnesses.

So again my mind was awakened that the devil is raging among us. He has tried to thrust upon one of my scribes; Ora who, knows so much of the heavenly sessions and the Lord's doings through me. At R17 he sought to thrust upon us through the leaders there. And now all this opposition coming against us. But through it all I feel at peace. The ladies here at R1 received the correction and Patricia has received the training of the advanced ordinances of Celestial Plural Marriage to assist a Prophet when he is going through the atonement required to earn the blessings and powers of heaven. In reading that revelation again of September 17, 2003, a private revelation and the December 24, private revelation, 2003, the Lord said humble myself and exert myself and draw from the heavens the powers of heaven to bring a people into the presence of God and that is just what is happening. I thank the Lord for fulfilling His word bringing individuals into His presence evidenced by the all-consuming fire from heaven.

On my travels to R1 I rejoiced in the Lord that there were five ladies present; six living here, six ladies, nope seven including Mother Marilyn who have felt the all-consuming fire from heaven in a heavenly session with me. Mother Marilyn, Ora, Patricia, Kate, Tammy, Ida and Ruthie. Is that seven? Ruthie is with child so she wouldn't participate in that ordinance. Of course Mother Marilyn's test right now is the Lord handling Allen Steed and her keeping sweet no matter what. And I rejoiced on my travels here that Ora, Patricia, Kate and Tammy all had received the love of God sealed in their minds and hearts and had been with me in sessions of circle prayer and had known they had come into the presence of God, overwhelmed by His almighty power. And I thought on these travels surely Zion can be established in fulness at R1 now.

The Lord took me into a heavenly session passed midnight and as we approached R1. It was about an hour, 1:30 to 2:30 and I wondered what was He showing me? And He was showing me I was coming here to discern the hearts of people to see if they were ready for the next step of the redemption of Zion. Now I can see we are not ready. But, I have called certain ones to repentance. I will talk to the rest of them. They all need to get close.

I went into a heavenly session through the morning and Millie was called in and she felt the heavenly power and I told her to prepare for the ordinance of sealing the love of God upon her. The same with Veda. She felt the heavenly power. I told her to prepare for that same ordinance. And then Patricia came in and she felt the heavenly power as well as Naomie and Ida Vilate. So the work of God continues.

I am seeking of the Lord to remove the neighbor. There is some strange man that just sits there and watches this property. I am very concerned that they are looking for the First Presidency that this property has been identified. I yearn unto the Lord to deliver the First Presidency and spare our lives. We have not held meetings, trainings, haven't been about. The First Presidency is under bondage right now; not able to move about, and we are praying unto the Lord for deliverance. But for now the Lord has me at R1 to continue this work of establishing the fulness of

the Celestial Law of Plural Marriage as far as He has revealed yes, going toward the gifts and blessings and gifts of the holy anointings which He will reveal in His time.

On the road I talked to the Bishop in Short Creek last night. We went over many issues. I told him to send away a boy named Billie Shapley aged 21 or so to live with his father who has been handled.

He reported that Fred Williams, the son of Gerald Williams was with an unmarried girl and he has been out drinking. He told me David Steed, the son of Carling and Suzette Steed is in jail for sexual misconduct and other things.

We went over many issues. I told the Bishop in Short Creek to search for and help us purchase some rock saws for R17 also to send me sheet rock and food stuffs that way. I need the Lord's protection. We need the Lord's protection.

I called Jim Oler today and he told me that Roy Blackmore's wife Teresa Wall wants to come back and be part of the Priesthood. I told him to have her write me a letter of confession and the Lord would judge the matter. And I told him to be careful in case she is just coming to take away the children. The Lord is humbling us. Our people are being attacked from every direction and only those who are filled with the Spirit of God will be building Zion and will survive. I am praying night and day for the Lord to send the judgments upon this wicked nation and the ungodly among our Priesthood people beginning at the house of God as He has had the ordinance work of binding up the law and sealing up the testimony completed now.

The Lord had me have the people at R1 listen to all four meetings of the last week at R17 here in their homes to emphasize to them the seriousness of our covenants.

O Lord our God, open the way. I know He will for the faithful but He will test us first.

The Lord has been favoring me with revelations in dreams showing me I would be among the wicked traveling through the wilderness or the cities, even in dangerous places where wicked people dwell and where gangs are, escaping the government officials and assassins. He also showed me how my driver Ben Johnson is so close

to his brothers that the evil powers have tried to attack me through that connection. So I told my driver to break off his confidences with his brothers unless I appoint.

The dreams this morning showed me the ladies here at R1, every road I took, they were the roadblock stopping the progress of the redemption of Zion on this land and then the Lord showed me each ladies' heart. I can see this higher ordinance in connection with the Keyholder of Priesthood called where a wife administers comfort and renewal to her husband when the Prophet is taken low nigh unto death, I can see only those ladies filled with the Spirit of God able to recognize and dwell in the heavenly fire, knowing they are doing right, only those ladies who have the love of God and love of one another perfected can endure that ordinance. And there will be other ordinances beyond that in the holy anointings, preparing each person to be declared clean every whit by the Lord and by revelation. So the Lord is taking us through a training right now and though the people as a people have failed to become Zion, individuals are being chosen in a very quiet, sacred way, the Lord guiding and controlling all things. And though all hell rages, a heaven is being established on earth in the minds and hearts and characters of certain individuals. May the Lord continue to bless us.

End dictation at 5:30.

6:15 p.m. Call to Short Creek family

Who's in the kitchen? Who's there?

Hello, everybody are you all keeping sweet? I trust I got a letter from all of you after that Sunday page. No discouragement, more fervency. I want you with me, realize that if you are not with me you will be against me and then where will you be, so be with me all the way and thus with father and Heavenly Father. This is the Lord's test, if you get discouraged, little discouragements against yourself, it will turn as accusings against me and then you will be without the Spirit of God. If you were surrounded by a million devils, all alone, and you were praying for me and I for you, you still have Priesthood connection you can still be devoted, you can still keep sweet. And if you are faithful I will gather you up and you will be used in the happy work, the building of Zion, but because we have been so slow in our preparation the Lord's

testing us equal to the blessings offered and the test is, who can keep Zion growing? Living in the increase of the Spirit of God, fervent preparation. There is a great falling away taking place in Short Creek and the Lord withheld me for two weeks from even calling you to see what you were made of. Compromise, complacency leads to compromise, leads to the social religion and you received the strong correction because you were taught and warned. So the test is who is following that fervent burning peace as a guide to be Zion.

Now dear family, the enemy is upon us, we have three big lawsuits filed against us, they are trying to take away those houses and lands, the hate against us is growing and I cannot submit to their wicked rule. And you need to be with me all the way and thus with God. The Lord has told me that some of you are being fervent, there is still a place for you if you will hasten, you are missing out on alot of experience, alot of trainings, but you are going through a great experience right now that should be making you so fervent unto God, that you are binding Him in His promise to bless you as you prove obedient. Now no discouragement dearies, do you hear me? No matter what happens, if you are faithful I will gather you up. Do not give in to the enemy. The worst enemy is the whisperings of evil spirits within; and where any of you would be in the most danger is to think you have the Spirit of God when you do not and you cannot have the Spirit of God and even express or have a feeling or thought against me. You cannot have the Spirit of God and accuse your Priesthood head, it is impossible.

Now remember this lesson, you may not want to be disloyal to me or break your covenants but remember this, that if any weakness you hold on to that you know is wrong continues, and you lose the Spirit of God because you know it is wrong then you are wide open to listen to all the other evil whisperings and then the devil will whisper disloyalty to me and you will start leaning toward other men and you will break your covenants. If you cannot get rid of thoughts about other men that means you do not have the gift of the Holy Ghost and you would need to be restored and I am talking about where you have pleasure toward other men. You are already going through that test, any discouragement against yourself will make you be

discouraged against me and then you are wide open to compromise on every side.

Now ladies get close to the Lord, my prayers are still with you, I have not forsaken any of you. Some have been corrected strongly but I am reaching for all of you, none of you need fail. The time is short so use every minute sweetly. Pick yourselves up, dearies, and let us go forward quickly. These are the final moments where the Lord is seeing who is going to stay in the increase, stay at it. The Lord told me He was withdrawing His protection from you on that property. I have asked Him if I could intervene for you, even for those who were strongly corrected, now do your part. If there are evils growing among you the protection will be withdrawn and if you lose the Spirit of God you do not know what you will do and in this day and time when the enemy will bring persecution upon the faithful and if you do not keep sweet you could be guilty of helping to shed innocent blood. That is how terrible it will get. Remember what happened to Thomas B. Marsh, he got a bad feeling against Joseph Smith, he wrote a paper of lies and because of his words Governor Boggs signed the extermination order where the mob felt justified in killing the saints. Just because of some bad feelings. No bad feelings. If you want to be Zion you have to be living in the increase of the exalted thoughts and feelings.

Is everybody there yet? Is anybody there? Who is missing? Are they sick?

The Lord gave me this phrase, describing people who do not stay fervent unto Him and thus they are not loyal unto Priesthood. He said, "Many follow after the idolatry of their own selfish will." Now that tells you what idol worshiping is. It is worship of self, loving your will. Repent of the idolatry of your selfish will, how? Return to the first two great commandments with all fervency of soul as a matter of your very survival. I hardly dare page there, I keep getting reports of the great effort to find me and their listening to what I say; somehow. I hope all of you are loyal, let there be no traitors within, that is the worst sin and a woman who breaks her marriage covenants is a traitor. Where did bad feelings get you anywhere? Let them all go.

I am praying for you and you pray for me and we are close; but I do want you with me. Don't any of you want to be with me? I am looking for Zion, Who is Zion? Are you Zion? Only the Lord can make you Zion, what most people need is a greater faith, more constant faith. My enemies will keep concocting more and more lawsuits trying to overwhelm me. Soon you will hear of arrest warrants out for me then they will come on that property, searching for me. They will seek for you to be witnesses against and me and you will be tested to see what you love most and if any one of you takes on a bad feeling you could give in to the pressure through your fear and you could bring affliction upon all the rest of you. Oneness is Zion, be ye one through the Spirit of God through Priesthood. You cannot have the Spirit of God except through Priesthood. Be loyal. I am here to do the will of my father and thus Heavenly Father and He is always near and he knows you, the Lord tells me about you. I say again read section 1, you will see in there how the Lord is now recompensing to every person what they have send out. Keep sending out good so you can receive His good reward.

Did Mother Jenny have an anniversary? No, it was a birthday and how young are you?

The Lord's had me tell people elsewhere, if you get used to being without me, you are dead. Do not get used to being without me, do not find a substitute, yearn until the blessing is given and that is the test of faith. Faith is only faith if you stay at it until the blessing comes. I wonder how many of you went to the Lord with fervent gratitude and thanked Him for that correction. My yearning has been it came soon enough for many of you have received the greater light, even more than most all the Priesthood people there in that community. For you to turn away from the Lord, you would commit the greater sin and that is why the sharp correction of the Lord, Sunday, and to deliver you before there was a greater falling away. If you do not see it you are ready to fall away, if you do not see that there was wrong doing. I hope you see the light. I am glad to talk with you.

The Lord showed me that there is a group of people watching that property continually, looking for me, my enemies, so be careful with your movements and do not be alone. Once they feel

like they have me driven away, you are next. So only have your heart set on the will of God and do it, not on houses, lands, possessions, the Lord will tell me of your faithfulness. Whatever happens, if you are faithful I will gather you up. Do not think of yourself without me or you are already leaning away from me. You can do it dearies, hustle and I love all of you more than you know. Let us restore the burning peace now, reach for it. I invoke the Spirit of God upon you according to your faith, your continued faith, so shall it be. None of you are forsaken, just draw closer. But it is here and now, Dearies, here and now.

Ok, Let me talk to Michelle now, is she there? I love you. Is Michelle there? Thank you

Are you where you can talk? Are you humbling yourself, Dear? Do you receive the Lord's correction? Are you still with me? I will have you. I want you in my arms. I want you living with me. I want us to have children for father, but you will have to be restored in both ordinances. You understand? And you will need the keys of Priesthood here to exercise those blessings. And you will need the keys of Priesthood here in this life to exercise those blessings, to administer those blessings. You took on bad feelings against me, that is what you are repenting of, and how? Reach for the good feelings and I am praying for you. Do you want to stay on that property for your preparation with the family? I think it will be easier for you there. Study section 20, verse 37. Each of those phrases are gifts of the Spirit of God. A broken heart and contrite spirit, the gift of a firm determination, take upon you the name of Christ, through Priesthood, you cannot do it independent of Priesthood. Show a change. Be grateful for this opportunity, the only other choice would have been to be sent away and have no opportunity. Be grateful for this opportunity, the only other choice would be to not have an opportunity and be cast off. I am telling you straight, I asked the Lord if I could intervene for you and He has allowed me to do so, so you could have another opportunity. You can still be that lovely lady in Priesthood. You have everything to reach for so give your all and it will not have to take long. You have not been fully rejected, you can earn the gift and I wanted you to hear it from me. Anything I can do for you, anything you want to ask or say? I am sure

wanting to hear from you, what is in your mind and heart right now and the Lord is watching us. Anything to say to me at all? Go ahead.

You just need to realize the gravity of the sin, the evil powers had a hold of you to help lead the others astray from the fervency and requirements to be Zion. And this is a warning to you that you still need to learn the Spirit of God and that Spirit is in oneness with Priesthood and not against Priesthood. Ok? There is the lesson, your "I am sorry," is accepted but I already forgave you, my dear, and I still consider you able to earn Heavenly Father and father's approval. Keep a going, keep a going, will you? And it does not have to take long. Thank you for talking to me. To be cut off from the Prophet's presence is to be cut off from the presence of God, and that means no ordinances. So reach for your very survival, reach and get close to me and I am praying for you. You can do it. I ask you again, will you do it? I am reaching out my hand for you right now. A smile will help you take my hand. Will you smile? Ok. And I love you whether you like it or not. Be the love of God exercised, and you will be close to me. That is repentance. Be Zion. The ordinances are only for those who can be Zion. So be Zion as far as you can. You will need the gift of the Holy Ghost restored and you will feel better. I will put a little more time to it but your time is short, so be constant, you can do it. Smile and pray are the watchwords but with a fervency of soul. Anything else I can do for you? I am willing to do it again. Remember, I told you that you are not cast off, it is within your reach still. Ok? And I love you, goodbye.

9:23 p.m. Calling Five Ladies at R17

[Recording Cuts In] I hope faithful five at R17. Ladies, you can hear me good?

Yes.

Alright. As we progress in this mission of the redemption of Zion and you ladies taking a step to know of the greater light and knowing you could be tested to a greater degree, I have been witnessing in some people who have received this greater light how the evil powers have tried to thrust upon them. And where many of you have said, "Well Father told me this or whispered that to me," be so careful now because there can be an

attack of pride that you listen to the whisperings and if you are not right close to me you could take on a false whispering out of an overanxiousness to be led by a heavenly power. So remember the revelations of God come by the will of God and when you get to demanding a manifestation or feeling like you need this and that witness, or you step across the line and you start dictating God and say, "I need this right now," that is when the Spirit of God withdraws and the Lord allows the evil powers to test you greater than you may be able to bear. So you still need to keep the first four principles of the gospel active, centered on that word humility, reaching to be led, staying in tune with your heart open to the sweet whisperings but don't be so anxious to where when you don't get it you allow a fear, or a doubt, a worry to overtake you because now those dark abilities of fear, doubt, and worry will invite the revelations of evil. You have to be so cheerful, so devoted, so filled with rejoicing prayers that you still keep the humility of reaching to be led in the Lord's time, not commanding Him, demanding Him to tell you what to do when you want to know. And if the answer doesn't come immediately that you need guidance on in what you are doing, thank Him for the privilege to reach harder.

Any disturbed feelings now could invite the revelations of evil to a greater degree than you have had before. And be sure you keep the protection of checking with me. Don't hide things from me. And I have told you that the greater light and manifestations will be in my presence. But your mission there is not to be a separate group that is better than others, your mission there is to pray me back that you can continue your mission and others can be trained in a greater mission of the fulness of Zion. If you find yourself darkened regularly it just doesn't need to be that way. That is a wake up call that you need to be more humble, more rejoicing. You should be living in the increase of that heavenly power that you felt; and all of you felt it. God lives. He dwells in eternal burnings and it is the silent sweet whisperings withing that bring the burnings of increase, the increase burnings.

So you ladies be sweet. Don't lighten up your prayers and beware pride. And when you step across the line to dictate God that you need this

right now, He might withdraw and let you have a deception and you don't want that. So be more humble. I am voicing from experience what I have seen in ladies who felt they are inspired and then they think their inspiration is sufficient. I am telling you that you still need greater revelation through the keys of Priesthood not just your own inspiration as you would call it. You have tasted in part the heavenly gift. There is so much more to receive, partake of and even be a strength through the heavenly gift to me and the work of God. Will you be careful ladies as you go along? And realize that if you are not praying always and being fervent unto the Lord and if you are not fervent to be a strength to me and you turn to self-pleasure alone, that is when the evil powers will strike – pleasurable desires not guided by the prayer of rejoicing, and not reaching to be led.

Alright ladies, that is the message, a warning because as I have gone along I have noticed some people relax, leaving them wide open to greater tests than they have had before. I love you. Okay. Before your prayer I want to do a prayer to all the ladies. Just go different directions and meet in the hallway by my door with the speaker phone on. I am awaitin. Millie you hold the phone, put the phone there on the banister and the other phone downstairs where they don't shout in each other's ear.

R1

5:09 a.m. Naomie's Testimony of What Happened Through the Night

The Lord took you into session at 10:15. About 9:30 you were reading your letters, you took my hand. I could feel the flow of fire very strong in you. You said, "Something is going to happen tonight." By 10:15 you were sitting in your chair. I could feel that flow of fire in you so strong. Your body suddenly jolted. I got ready for bed. By the time I got out of the bathroom you were unconscious. It was like you were taken right into immediate severe session and your body trembled, twisted and turned. This was about 10:30. At 11:00 your body went through a very severe trembling. It looked like you were going to be thrown out to the chair but you went way down in the chair your legs came off of it onto the side of the arm right here and your head went off the side on the other arm. You trembled like that very severely. It lasted for a minute or so. Then you stopped. Your body went still. You were still in that position for about five minutes. Then your body trembled very severely again then you turned back to your same position in the chair as your body was trembling and twisting. You were pulled up in the chair again to where you were laying as you had been before. Then you went very quiet and still. I felt like you were seeing some things. You never said anything. Every once in a while you would groan.

What time was that?

It was 11:00 until 12:30 you didn't say anything and you were still. Right at 12:30 your body jolted. You were raised up off the chair and you hit the chair again really hard. It happened three times where your body would jolt and you were lifted up off the chair and you would hit it again really hard. You groaned and said, "What am I seeing?" You said, "Something is about to happen. Something so big. It is already happening. The Lord is showing me how I am being chased and sought after. The government officials of Utah are very determined to find me." Again your body went through a very severe trembling. At 12:45 you

twisted in the chair onto your stomach and then back onto your back as your body was trembling. And your back bowed out of the chair. Again it looked like you were going to be thrown out of the chair. Your back bowed out. Your body trembled and shook in that position. You were twisted slightly to the left and as your body trembled you were twisted back to the right. As your body was trembling so hard and severely you said, "The Lord is watching us here, this place of refuge. We must become one." Your body continued to tremble until 1:15 in a more – it wasn't as hard as it had been.

At 1:15 you groaned and said, "How much longer O Lord? How much longer? What more can I do? Put it on me; I am willing to go through whatever it takes." Again you went very quiet and still until 2:00. You were very, very still. You weren't even breathing. Your Spirit left your body. Right at 2:00, you gasped and your body jolted. You took a deep breath. Through that time that you weren't breathing, the Spirit whispered, "Stay back. I have him in hand." You had such a pleasant sweet look on your face even though you looked like you were in the deepest of agony you were shining so bright the heavenly light surrounding you; the ring of fire. I could see that your eyes would open at times and then close.

At 2:00 as your body jolted and you gasped for breath, your body trembled and shook. Your whole being rattled really hard and severely. It was the most severe a little bit later. It seemed that your very life was being drawn out of you. At 2:30 you said, "The Lord wants us to honor Father's obligation and pay the land payment that one last land payment. He doesn't want this property in the UEP; we will just lose it." You said, "This court battle is going to either bring people to their knees or it will turn them very bitter against me." You said, "And those it brings to their knees will be yearning fervently for protection and also that they might be with me."

You said, "I can see I am going to have to get my Canadian ladies off of that property out of Short Creek; yearning that the Lord will let me intervene for them that they will qualify to come where I am." You said, "The seriousness of the mission, the covenants that they will enter into are so sacred and serious they must be ready to give

their all and have no bad feelings.” You said, “Lana is doing well and also AnnMae is doing very well. The Lord is showing me they can qualify. I am yearning He will touch their hearts to come to the full measure that they will be where I am. The Lord has a place for them at R17 but He hasn’t told me to bring them there yet.” You said, “The Lord is showing me the hearts of my ladies in Short Creek. Many of them are doing very well. He is putting the test of a little more time to them to see if they will stay at it and not be discouraged. I am concerned about Father’s and my wife Jenny. She is so focused on herself. I am still very concerned about Janetta.” You said, “The Lord is showing me that Michelle is humbling herself. He allowed me to intervene for her.” And you said, “She will do well. She will do well.” You said, “Many of the ladies just need to stay at their fervent preparation and not allow little discouraging thoughts to enter in. That is what the Lord is testing them with.” At 2:50 you said, “I am willing to atone for all of them, to intervene that the Lord will touch all of their hearts that they can be where I am. He is showing me that not all will make it but most will. There will come a test upon the ladies there so strong and hard. I am just yearning, yearning that it isn’t because of a traitor from within.

At 3:00 your body went through the most severe session. Your whole body trembled and shook so hard, thrashed in the chair. You never made any sound through it. The only sound you made was right at first a groan so deep. It sounded like you were in such agony. And then you went quiet as your body trembled and shook and was lifted off the chair several times and set down hard again. It lasted until 3:30. Your body twisted and thrashed and your whole body just shook and rattled violently. About four times your body came off the chair and was set down hard again. At 3:30 you went still. Every breath you were taking was so labored and your breath was being drawn out of you and it went to where the Lord was making you take your breath. Again the Spirit whispered to me, “Stay back. He is still in my hands.” I didn’t touch you at all. There was such a bright light, fire surrounding you. The ring of fire, the white fire. I could see your face was so white, your hands were so white. You again went very, very still. You were

not breathing until about 3:45 and you gasped again for breath. You said, “The Lord is allowing me to atone and intervene for them. I am so grateful to do it. I am just yearning for them, for all of this people who can qualify.”

You said, “The Lord is showing me I will be traveling toward Short Creek soon to take care of, train that group of men and also to take care of some ordinance work.” You said, “The Lord is revealing more men who qualify to build the temple.” You named James Dockstader, Abram Jeffs, Jacob Allred.” I think you already took care of him. Then you said, “There will be others named that will be taken care of. Also Joseph Steed Jessop is ready. All these men need to realize once they are called on this mission they will be tested further and harder.” So you named James Dockstader, Abram Jeffs, Joseph Steed Jessop, Uncle Jerry’s son. You also said Jacob Allred. You already gave him the blessing.

At 4:10 you said, “The Lord said He wants this mission here at R1 to continue. We must be ready. Our time is just too short. You said, “There are many things coming at me. I just don’t know how long I can be here until I will have to be on the move again.” You said, “There is something happening inside of me. My whole being feels like it will be consumed by the fire. I am trembling for Zion.” At 4:15 again your body trembled hard and severely. Your covers were twisted around you at first then you twisted back the other way and they fell off of you. At 4:20, you said, “Something is about to happen. I am just yearning for understanding – something big.”

At 4:30 you groaned a deep inward groan. You said, “I must keep going. Ask the Lord to keep sending the monies, soften the hearts of the people in Short Creek to continue to consecrate. There is much good there. The Lord is showing me there is much good there. You said, “I want to talk to all my ladies today. Give them the word of the Lord. He wants us to continue on here but we must be ready to take the next step now; especially those who had that advanced witness of the all-consuming fire.” At 4:45 you said, “What is happening to me? What is happening? I feel like everything is about to melt; yearning unto the Lord for this whole people in the handling of all of the men, yearning what the Lord will have me do.

Some of them can be restored to Priesthood. Some of them have not made proper confession; until they do, they will not have any blessings back." You said, "There are some who are disqualified from exalting their families." You said it weighs on me heavy to realize that these men at such a late date have lost the confidence of God. If they are not aware, they will turn altogether against Him."

You said, "There will yet be someone rise up to claim authority." At 4:50 you said, "The Lord is watching us so closely especially on these lands of refuge." You said, "I will be traveling North sometime soon." You said, "I must do my work here the Lord has given me to do for all those who are prepared for it." You groaned and sighed then you went very quiet and still til you came to at 5:10. It is now 5:45.

9:22 a.m.

I talked to you last finishing up at 5:45. At 6:40 you sent me out to get your mush and things. When I came back in you were unconscious. At 7:30 you came to again. You asked how long you had been out of it. I told you a little over half an hour. You hadn't said anything during that time. Your body trembled and you said, "The weight is so heavy. It is so heavy." You said, "We are just not ready to move forward. I have to go through more." Your body jolted again and you trembled for a few minutes not real severe as it has been then you went very still and quiet until 8:00.

At 8:00 your body jolted. You said, "Oh my. Oh, my. I feel like I am burning up inside." You said, "Naomie, are you willing to do whatever you are told?" I said, "Yes, I am willing to do whatever I am told." You said, "Naomie, are you willing to do whatever you are told. I said, "Yes, I am willing to do whatever I am told." Your body trembled. You said, "I am going to atone for you ladies. You ask the Lord to allow me to atone for you." You said, "I am going to give Tammy the training today also. Ora and Kate will wait, but I will talk to them, talk to all five of you ladies about being more prepared, doing whatever you are told with rejoicing, deep gratitude that the Lord would allow us to continue on." You said, "The time is too short. We don't have much time left. We must succeed here this time or else we will be destroyed and cast off." You said, "There is just no other

choice." All this time your body was trembling. I could tell you were in the severest of agony though your body wasn't thrashing like it has been earlier, trembling constantly. At 8:30 you said, "Tammy is ready." I will give Ora and Kate more time to prepare. We must be one in this, be so centered and focused on me." You said, "The Lord is showing me this group of people here must more fully obey their Priesthood head and not just tolerate what he tells us to do. The Lord has a message for this whole people on this land. I will give it when He directs." You groaned. I was kneeling up by the bed. You said, "Something is going to happen." I knelt back. I don't remember laying down. I felt wide awake. All of a sudden I

You mean you were put down?

Yes. I don't feel like I was asleep because I could hear you saying, "Naomie." But I couldn't answer you but I was shown you were suffering so intensely, your whole being, your Spirit was under such great agony because of our slowness, my slowness that you were suffering so intensely because we have been slow to love each other and to help each other as we should. I can only look at myself. I know I need to do better. During this time you were making – I heard a voice say, "My servant is suffering because of the lack of oneness among his family here on this place of refuge when this family has been taught greater truths than any other people on the face of this earth. He is atoning that you might have an opportunity to continue on. He is under extreme pressure." Again it was like I could see you bowed down with the weight you were carrying. So bowed down you could hardly move and yet you were moving slowly, steadily. Again the Spirit whispered, "How much more does he have to go through before you will prepare?"

Oh Warren, I am so ashamed of my slowness, but I willing have yearned unto the Lord all day yesterday and through the night for the gift of love to be so strong in me that nothing can disturb my feelings. And I truly feel like I am ready to do whatever it takes with rejoicing that others can be here and be blessed by you and can comfort and help you at a time when you so greatly need it or even if it is just to get use to each other. I love you so much. I want to obey with full purpose of heart.

I am ready to do whatever it takes no matter what it is with rejoicing. But as I saw you so bowed down with that weight, I realized how we are the greatest weight on you right now. As I realized that, that is when I came to, could sit up and answer you. I am so ashamed of my slowness.

Revelation of the Lord Given to President Warren S. Jeffs

*At the Place of Refuge R1
Thursday, August 19, 2004*

1. Verily thus saith the Lord unto you my servant, Warren Jeffs: I release Ora Jeffs from the mission of being a scribe, and keeping my sacred record through you, my servant.

2. And I appoint that mission and work unto mine handmaiden, Patricia Jeffs, to work in oneness in the humility of service unto you, my servant.

3. And those who are not appointed to this mission let them not touch the sacred thing, even my ordinances and doings on earth through you my servant, unless they are appointed — lest immediate judgment come upon them.

4. And let those who assist you, my servant, in this work of keeping the sacred record humble themselves, and reach to be led and guided by my Spirit in oneness with me through Priesthood.

5. And let mine handmaiden Ora Jeffs continue in the mission and work of motherhood to teach and train those children I have favored her to help bring forth into the family of my servant, and the family of thy father.

6. For she mine handmaiden, Ora Jeffs has not been sufficiently humble, and through her the powers of darkness have tried to destroy my work.

7. Yet if she continues with all diligence and repents speedily, I, the Lord, shall forgive her, and she shall yet have a place with you, my servant and with my servant, thy father, in the eternities.

8. And let all be faithful and true to their covenants.

9. And verily, thus saith the Lord concerning Kathryn Jeffs, thy wife and helpmate, let her humble herself and this privilege to be a scribe on my sacred record be removed for a time; and as she

proves worthy, this privilege shall be restored to her.

10. And let the family of my servant, Warren Jeffs, humble themselves to be a strength to my work and kingdom on the earth.

11. And through the gift of oneness always exercised, receive the strength of my Spirit to strengthen my servant and kingdom on the earth.

12. My peace be upon you, I forgive sins through faith unto repentance on my name as they meet the requirements of repentance.

13. *And I, the Lord, am with you still, my servant. Fulfill this word that you may be prepared to receive more from me. Even so, amen.*

5:07 p.m. Calling seven ladies at R17

[Ladies present: Annette, Paula, Lorraine, Carla, Millie, Margaret, Gloria]

Ladies, I feel to warn you again that when you receive greater knowledge and experience of the presence of God and the heavenly fire, any weakness you have will deprive you of the Spirit of God and then you won't be able to detect if the evil powers thrust upon you. So I call on you to take on the strength of heaven through this training: the humility of service. Never consider yourself greater than another, live to bless others, but above all focus on me your Priesthood head as unto the Lord.

Is Annette and Becky there? I mean Gloria. I called her Becky again.

Gloria were you at Good Words this morning? Were you at Good Words this morning? Helping in the kitchen means nothing. Aren't the kitchen people at Good Words and prayers. So were you at prayers? Okay. I don't want you missing Good Words. And I want you to keep listening to the trainings. I want to know if you have been missing any hourly prayers, Gloria.

How about any of you there. Any of you missing hourly prayers?

Make confession right now. Well that is – if you are having your hourly prayers, even with the little ones, that is hourly prayers.

I see.

Annette, are you at the hourly prayers even if it is just with children? When you say most of the time what does that mean? Okay. You should stop and have him say a prayer with you. I say if you have been stopping and doing it on your own you are still at hourly prayers.

I am asking all of you if there are any of you skipping your hourly prayers even if it is alone with the children.

Okay, I just want to make sure because if you ladies break any of the commandments of God now, knowing that you are breaking that commandment, the Spirit of God will withdraw and that is the time you will be ready to receive the revelations of the devil. And this is what has been happening in this mission; everywhere, including the family in Short Creek there are people who are not living as they are taught, not keeping the commandments fully and now they have been thrust upon by the evil powers which means the evil powers are trying to attack me through those close to me. For Priesthood bearers you saw the result: Allen Steed and Ernest Jessop were rejected of God and have an eternal judgment on them because when a man becomes an instrument of the devil, that means he can't be used. Now you ladies have all received the love of God sealed in your mind and heart and I am having you meet every night at 9:00, including these other two, Annette and Gloria, in circle prayer and you are praying me back and you are praying that each other will be blessed and strengthened. And you will need me back for you to advance in knowledge. Whatever you have received and witnessed through these ordinances is only a taste. There is so much more. And I have seen where ladies are holding onto private prejudices, judging one another and that far they break the second great commandment and then you become an instrument that the devil can work on.

Now ladies, all of you know of the heavenly power, you have felt the burning peace in my presence. It is a private experience you have had with me and it shouldn't be talked about. But having received a greater witness, if you ladies commit sin then you will sin against knowledge because you know of the heavenly fire. So now all those old weaknesses become major sins in your life if you hold onto them. And I have warned you

strongly that you must keep up the increase and be close to me; yearning for my return and as the Lord wills you can have greater experiences with me, greater ordinances and knowledge. There is more to receive.

So beware the pride of being an inspired person. Your protection is humility, the humility of service; serving others centered in serving me as unto the Lord. I am telling you this is real. If you receive greater light and sin against knowledge you will lose your place and you won't be on this mission and you won't be part of me. And that is how serious you should humble yourself. And everyone on that mission there knows that if they fall short and are sent away, they have lost their eternal blessings. That alone should make you be so humble, anxious to live the first two great commandments unto perfection. That alone should prompt you to reach for an increase of the Spirit of God and yearn to be led through the prayer of rejoicing, reach to be led and dwell in the increase. If you felt the heavenly fire, now reach for the increase so that when I see you, I will see that you are prepared for greater knowledge and blessings. And all of you beware and don't judge heavenly things just through the feelings of your emotions and your body. You received a witness beyond yourself. You have a memory of it at least. You should be dwelling in the lively increase.

At 9:00 each night I want you ladies to meet or close thereto if there is a reading or training. Quietly go in the waiting room until Millie goes into my office which I want Millie to keep locked; the door to my foyer there, the door to my bedroom, and the door between the office and waiting room locked. Keep that door to my office that goes to the bedroom open so the thermometer works right Millie to keep an even temperature there. And great faith now. Ladies you must exert great faith. You should have a faith equal to knowledge. Every one of you should be able to say, "We know you live. I know you are. I have felt your power. It is not of ourselves though we feel unworthy, we yearn for the increase so that we don't fall short." Because I am telling all of you if you ladies don't receive more, you will fall short. If you don't increase and if you can't receive more training even in private from me you will fall. That alone should make you so humble and pray me

back and the Lord will protect that land because all of you are an increase of Zion. The Lord has favored you with a greater witness.

So there is a quorum of seven wives on that land who have received that special ordinance of the love of God sealed in your mind and heart. Be humble. The humility of service will bring the increase. Search your lives, you hold on and justify any weaknesses you have in the past, you could be thrust upon by the evil powers. Remember the story of the devil arguing with God over the body of Moses when he slipped a little. The Lord rebuked the devil because Moses repented. Think of it. The devil will demand his place when he can prove that you have been disobedient. None of you want that. And you can't live in fear having received the greater witness, you must have the prayer of rejoicing as your protection like I have told you.

Now Gloria, you are the youngest there, yet you have been greatly favored. I warn you to not turn back to your lazy ways. Be busy, bless, build up, do good. Pray for each other. And the area where I have seen the devil thrust upon other ladies is they have held onto private prejudices, justifying themselves from withdrawing from each other and thus not blessing each other. If this exists among you where in years past you have been so careful with that person and withdrawn and not blessed them when you could, you are breaking the second great commandment. So remember this ladies, when you know something is wrong and you do it, you are sinning against knowledge and you could be overcome of the devil, him demanding his place because you have sinned against great light. But Zion is a condition where satan is bound by you individually living in the prayer of rejoicing, reaching to be led, and living in the increase of the burning peace. Memorized that verse I said at the Sunday Meeting, "Approach me the Lord thy God with a faith equal to knowledge."

And all of you should have that now in whatever degree you are exerting. And He said, "Which is the witness of the burning peace guiding your prayers and thoughts and desires to be in oneness with my will through my servant to the purification of your nature, your character". Listen to that again and write it down, the whole

verse and memorize it. Make it your life and your guide from now on.

Oneness is what you have covenanted to live. Oneness is to reach for the strength of heaven and exert that strength to strengthen me and others who are part of me. And you are meeting in a private circle prayer, to be a quorum of wives, reaching for a greater fullness of Zion.

[Just Millie and who else didn't receive a private revelation? And Lorraine.]

You yet need to earn the revelation that you are declared clean every whit before you are worthy of the presence of God face to face or even the temple endowments. You still have more to reach for ladies. And if you will notice even in private revelations given, the Lord is prompting you to a greater oneness and closeness to me and Him. A greater humility and obedience. There is more to receive.

I am having Annette and young Gloria join in the circle prayer because they have received some things even a witness of the heavenly power with the rest of you in private sessions. And you don't talk about it. You don't even acknowledge it. You keep it sacred and secret. But I am seeing the devil thrust upon people who have received these blessings and the Lord was ready to discard them and cast them out when they sin against knowledge. Will you receive this training and warning ladies and be careful? And every time I have been gone is when this happens, I am gone from you physically. Draw me near and the Lord near.

You need a protection, a greater humility. Study that and apply it to your lives, the humility of service. That is the exercise of the love of God toward Him and one another. Your motive is to love and serve God by loving and serving one another through me. Only look upon each other with me in mind. Rejoice in each other, and pray for each other to be a strength to me to be ready for greater knowledge and experience. You know if I don't come back there that people and place will be rejected. Don't treat this lightly. And with a greater knowledge you should be exerting greater faith. You can do it ladies. Go to your duties and I love you.

Did the song come across good last night? But you could hear all of it.

Could you hear the recording?

Any manifestations, anything, dreams and such you be sure to report to me but ladies if you know something is darkness, dismiss it. Don't think every impression, revelation or dream is of God. Test it against the burning peace. And if you don't feel the burning peace go repent and humble yourself. But if you hold onto a revelation of satan thinking it is of God, that means you chose to not follow the witness of the burning peace, the faith equal to knowledge and that is the moment you become an instrument in the hands of the devil to fight me. He can't touch you if you follow the witness of burning peace, loving God above all through the humility of service. Humble yourselves and don't withdraw from each other or the other ladies thinking, "Well they have this and that wrong, I don't want to be part of them. Go bless people more for your very safety. Bless others more. Leave nobody out in blessing one another. I love you and goodbye. I will talk to Paula now.

6:30 p.m. Calling family at Short Creek

Hello, everyone

I am sure you have heard that the police are at ~~our gates searching for me. This is only a~~ beginning. I am expecting any time a police raid on the property. If they stay on the property that means I will not be able to call you but if they leave I will still be able to call you. Right now they are just searching for me with court documents where the court has ordered the police to search for me and serve these papers on me. The apostates are creating any kind of lawsuit they can to cripple our economic power. This is just a beginning.

First some counsel, in the day of final judgement you will be judged according to loyalty to Priesthood to show your loyalty to God. And what you need to have in place is oneness and it takes everyone of you to be in oneness for oneness to exist. You are all so open to each other in your conversations you must realize from now on that what you say to another person and then they say to another person is how my enemies will seek to know what I am doing and what I have said. All of you need to be more private and quiet. For these

legal documents to be served it just requires anybody living in the same house to receive those. So I have kept you quiet and in place though the police have been wandering all around the wall looking for a way in. And they recognize there are people watching them in town. The battle is happening I cannot and will not submit unless the Lord has me go send a message to them. All of you need to be strong and true. I hope all of you are loyal and true and that there are no traitors among us because a traitor will bring suffering upon everyone else. I do not want these calls recorded, erase it if you are recording it

The Lord has warned me that one thing the law will soon do is search for illegal immigration of the Canadian ladies so I want Lana and Anna Mae also Mary and Janetta and Shirley, as Janetta and Shirley are still under 18, ready to go in an instant to another house there in town but if there is a raid and they search for evidence of other so called wrong doing, all of you will be out of the way. I would like Janetta to stay close to Mary. Will you do that Mary? To encourage her and work with her and I would like Janetta to be humble and submissive to what I direct. Are there any other ladies under 18 there? So all of you realize that if you are 18 or older that you are your own legal guardian and you can refuse to testify, though they threaten you or do whatever, be firm and true, when the law officials get hold of a person they first threaten and then they try to bribe, they put pressure and then they are nice. They try to use all the emotions but you should be able to read right through it, any of you, just smile and pray and stay loyal and true.

If any of you are giving way to temptations not living as you have been taught, you are the halfhearted and these are the tests that will remove the halfhearted. Oh, ladies, it is time to be close to the Lord. He is already showing me your hearts, be fervent, be ready. As I refuse to submit to the law eventually an arrest warrant will be issued and than it can be a no knock warrant and that means they come in with helicopters, come over the wall with ladders, right into the home, surround the property and they will not find me there but anyone of you could be questioned and all you need to say is "we are where we want to be and it is none of your business why." Ok? You can give them your

name if they insist on that because I do not want you hauled to jail. You are not guilty of a crime that they can prove so just be quiet, be firm, show a firmness but turn to the Lord for strength if you are taken and questioned. I have tried to do things so quietly as a protection for everyone of you and if you know anything of my doings, that will be your test. And I say to you, be loyal or you will lose your blessings and that is our test.

To be part of the redemption of Zion you must be tested to see if you will give your very lives, but I remind you the training, do not surrender your virtue or your testimony, or you will not be part of me. Stay true, you will not help me if you surrender those things, rather give up your life than surrender your virtue or your testimony. Loyalty to God and priesthood is through keeping sweet and to live in oneness. They may take you into separate rooms and say so and so said this and you just do not have to believe it or give into that pressure.

If I give a scatter order I will have some of you go to LeRoy's and some to Jim Allred's just as a temporary stopping place. We should have the vehicles there and ready. If the Lord favors us we will get all of you off the property before there is a raid. Then they will just start searching for you because they have most of your names from the apostates as this people has not kept confidences. I am already driven from Short Creek the Lord in His mercy warned me to make preparations. Next they will come against my family, then against the people. They will come against you to find me in other words.

Do not be alone anywhere if you can help it. Help each other in whatever place I send you stay together. They will entice you with money, blessings, bribes, deliverance from persecution, friendship, every possible thing and you will go through pressures you have not faced before. But remember that Heavenly Father, His Spirit, is your strength and you have made eternal covenants you have to answer for. I belong to God and father, to them I answer and not to the world or the government or the apostates and that is my stand. Wherever that takes us, this is the Lord allowing this test and I encourage you to keep the prayer of rejoicing always exerted, reaching to be led and live in constant revelation from this time forth. I

just do not know exactly when they will be in on that property.

If you are repenting and if there is a oneness still, the Lord will protect us there but if some of you are halfhearted, faltering we will not be protected there anymore. Are you with me ladies? The Lord's going to allow you a test and greater tests before He will allow you to be with me to see who really loves God who is truly loyal. We have been slow in our preparation and now you will have every opportunity to show loyalty to God and Priesthood. And the doors of deliverance will open up for the faithful. The Lord has shown me some of your hearts. I am anxious for all of you. I do not know but what my phone calls there now are being traced. I am reaching unto the Lord to warn me where to go and what to do to continue His work in a day of great adversity and trials among those whom He names are honest in heart.

There is a great falling away through the spirit of complacency and thus the spirit of compromise and the social religion and you have been warned so strong against that. You are preparing for Zion, you should be determined in the Lord, keeping sweet no matter what and remember the greatest deception is to think you have the Spirit of God when you do not and you have to be close to the priesthood over you through prayer and in your feelings to even have the Spirit of God and when you wander away for any reason in your feelings, you do not have the Spirit of God.

Now one of the great temptations that will come upon you when pressure is on you or persecution is the devil will whisper that I do not love you, that I have forsaken you. I do love you, this is the Lord's test but I say to you if you have not prepared to be Zion at the time the Lord calls for Zion to be established you have forsaken me, you have forsaken God and because you are not prepared in time it is you that has rejected us. So keep your preparation working hard and do not reject God, do not reject me.

I would like you to search through your things and make sure that if any search warrant came on us they would not find any evidence of what I am doing, or what I have said or taught. Our final archiving should have been made already. But what they are really looking for is a living witness

who will fear and doubt and then testify against me.

I love you more than you know, our covenants are not just for this life alone. For you to be with me and father into eternity and thus the Lord, you have to be loyal and true, here in this life. Some of you through your weakness of talking and gossiping opinionizing you hardly realize you could be a traitor to me and that is one reason that many of you are not with me. It is because you do not keep your confidences. And the redemption of Zion includes the secrets of the Lord and of the temple and your common talk so often disqualifies you and from now on the only ones that will see me and know where I am are those the Lord tells me I can trust. And this is such a vital training even to be Zion. I might call you into the kitchen at times it is because our intercom system can be heard out on the streets.

I love you all, be Zion so I can gather you up. We will go through whatever test the Lord allows. Keep Zion growing. Keep the prayer of rejoicing reaching to be led and the burning peace of approval of heaven always shining bright. Do not be out alone. If you feel a danger is coming gather together in one spot. Do not let wicked men take some of you away if you can help it, be together, help protect each other unless I send you elsewhere. ~~There may become a time when you will just live on the food that is on the property for a few days. You have water and you have some food. These police we are told, will be in town around the property for a few days, so be careful. Maybe you won't be going off the property unless there's an emergency.~~

Well of course, whatever name is on your drivers license they'll ask for your identification. Are any of you named Jeffs on your drivers license? So all you need to do is show them your drivers license, let that be it. O K?

Anna Mae and Lana need to not be found or you will be deported. Daughter Shirley is Jeffs so you can just say you are my daughter but I would just as soon you Shirley go with Anna Mae and Lana, OK? You also will go off that property. I may move you ladies tonight so you are settled. I have been shown they are watching many properties looking for me so you will just need to be careful.

These experiences will become so severe you will yet see persecution and bloodshed. And that will be the curse of judgement on any traitor. They will help shed innocent blood if they share and testify against us. I have told you this warning and if any of you have bad feelings against me you could turn traitor in a day of greater trial. And great will be the condemnation. Do not get emotional over everything, just keep sweet. What a wonderful opportunity to show loyalty to God. Keep sweet the prayer of rejoicing always working and you will feel the protection and the angels will attend you. Stay close to home, I do not know what measure the police will take if they get a court order to do a search warrant then they will come on the property even by force. Gather dressed to the family room in the south house if there is a raid. Bring your identification and say nothing unless you ask for a drink of water or you need the bathroom.

Ok dear family, be at peace, I am smiling I am reaching unto the Lord for you to be protected still. Whatever we go through let us rejoice in Heavenly Father for another experience to keep sweet no matter what and be at peace and you will be protected. Do not get angry at the enemy or the devil's already won and you will not have the power of protection around you. If you get mad you have lost and you have not helped me at all and I have not sent any of you to get after the police. But you can be firm and true, sweet unbendable and show a oneness and the Lord will bless us. And you will bless each other as you stand firm and true. I love you all and that is my message to you tonight.

This is just the beginning, we have tried to imagine these times, do not have fearful anticipation you need the prayer of rejoicing, joyful anticipation, keep looking toward Zion but how can I gather you up if you are not Zion if you go through all these tests and trials and you are not Zion, how can I gather you up? So keep Zion growing, sweetness, inspiration, the prayer of rejoicing. The love of the Father always exerted, loyalty to Priesthood. You remember how strong the Lord had me warn us through the early part of 2003 as He was showing me these things. I am still reaching for you every one of you. Be loyal and true and I love you. I just do not have all the

answers because we have not faced all the conditions yet.

You will need to walk by inspiration, you can feel a lie, you can feel when they tell you something that has been said or done and you can feel that they are lying to you if you have the Spirit of God in lively exercise, do not give in to the pressures of the wicked.

Ok make sure the doors are locked at night, do not let them in, I mean the enemy.

We may have to have good words without the intercom so gather in the family room and the reading should continue. If the phone answerer is not there continue doing it in your order, continue your hourly prayers. Thank you for staying in the family room and praying until they went away. They went away for a time, they told our police they are coming back. You see how a prayer of oneness is our greatest protection. Fear and doubt and worry destroy the oneness. Live in the lively increase of the Spirit of God to know that oneness is in place and stop all your worry talk. Turn to the Lord and be firm and true.

Ok everyone keep sweet and I love you, goodbye.

Hello Permelia. I am asking if you desire to stay here at R1. Get close to me as a wife in every way, fervent in faith and stop your hesitation and fears and fulfill this mission withholding nothing. Or would you like to go to R17, another land of refuge where you can have time and place to work hard and learn to exert greater faith? If you stay and will not abide your covenants and get close to me and if any have to be sent away after this they could lose everything. So make your choice and write me a note. Thank you. And I love you.

12:15 a.m. Naomie's Testimony of What Happened Through the Night

After I got done typing the revelation I came in here for the night. After I got ready for bed, the babies were in the room above you. You had me go tell them to let them be somewhere else. When I came back it was about 10:40. When I came back in, I could feel such a heavenly peace. I could hear by the sound of your breathing that you were going unconscious. You were very quiet and still, really didn't move around a lot outwardly until about 11:30 that is what time it was when you called, you said, "You ladies, Ida lay down." You said, "You ladies be ready. I don't know what is going to happen tonight." At 10:45 you said, "Oh, my. Oh, my. What I happening to me? I feel like everything inside of me will dissolve. You were very still. You hadn't really moved around at all. By then your body jolted and jerked, trembled. It wasn't real severe at first.

Feel my hands. You can see...

Yes. At midnight you said, "The Lord is showing me the enemy is really putting forth an effort to find Uncle Fred also, the missing person.

Say that again. Anna Mae is trying to find Uncle Fred?

The enemy.

The enemy. Okay, go ahead.

You said you would connect with that sheriff and let Uncle Fred talk to him and just tell him he is where he wants to be. You said, "The Lord is showing me he has touched this man's heart. At least for now he will be a friend to us.

???

No that was at 11:00. You said you were going to send ??? to R17.

To live?

Yes.

Okay. This will get her there. She won't have time to load everything. What else did I say?

You said she would complete her mission there. She would be a strength to that mission. For now that you wanted her to help in the kitchen and in the garden.

Anything else you forgot?

I haven't finished reporting to you.

Well you did. I mean you got up to midnight.

Well I just didn't realize I said midnight. I am sorry. That was at 11:00. You said that at 11:30 and at 11:40 you said that Kate and Ora would go to 17. Both of them would be involved in things that would help them to build and bless others more. That you didn't want them to be in their own little corner. You wanted them to be out and about, blessing and building up others, especially learning to live in the humility of service. You said, "We all need to learn this. This is what is holding back this whole mission. Everyone just caught in their own little world."

Anything else?

You didn't say anything. I think that is what time I must have dozed off to sleep. I am sorry.

5:45 a.m. Naomie's Testimony of What Happened Through the Night

I got done reporting to you last about 12:30. Before I finished reporting you told me to go tell Ora and Annie to be ready by 1:15. They would be driving off this property at that time. I went and told them and came back. You had me go tell Kate to get ready to go. I came back in. You had decided to have Annie stay here, just Kate and Ora go and the twins. I could feel the fire flowing from you so strong as I was laying there next to you. I can still feel it even increased, the light that is surrounding you. At 1:13 you said, "Go tell Kate I want them off this property by 1:15." I came back into bed with you. At 2:30 your body jolted, you said, "Every step requires an atonement, the Lord is requiring a greater atonement." You said, "I am asking Him to send it forth that we may go forward in this mission now."

6:28 a.m. Naomie's Testimony of What Happened Through the Night

At 3:00 this morning your body jolted again. You said, "I feel so weighed down. The pressure is so heavy. It is so heavy." You said, "But we must

keep Zion growing, continue on and move forward. At 3:15 you said, "Wow. The Lord is showing me the government officials are making such strong efforts to find me." At 3:30 you said, "I will do it. I will do it." Then you said,

Did you finish?

You said, "I will do it." And then you paused for quite some time and then you said, "Yes, I will do it." Then you said, "The Lord wants me to get these younger ladies acquainted with the all-consuming fire. I know Veda is ready." You said, "Millie is determined to be close. The Lord is showing me she has more of a curious nature, but if she will continue her fervent prayers, reaching, the Lord will favor her also." You said, "I think Annie has it in her to be close to me."

Can you feel it?

Yes so strong.

Anything else said?

At 3:45 you said, "The Lord is recognizing the fervent repentance of the many men at R17 and He has named more that will receive the mission of building the temple." You named Rulon Jessop and Merrill Daniel Jessop and also Fred Lindsay Junior. You said that there are others the Lord has recognized their fervent repentance and is pleased with. He will test them a little further. Then you said, "The Lord is showing me Isaac's family, especially his children will be a target because of his connection with me. He wants his ladies that are trained to all go to R17 with the children right now, right away." Is what you said. You said, "For now they will have a couple of rooms in the meeting house but when Merrill Jessop's home is done, his family will move into the basement of Ray's home."

You said, "I have got to get the school organized at R17 because that is one of the things the government would come in on us if we are not established in." You said you started by the middle of September. You said the second Monday in September. You said that Kate would be a teacher there and that Ora would be a teacher also. You said that your wife Joanne, and Lissa and Caroline, and Annette, Lorraine, Estella would all be teachers.

You came to at 4:10. Ida and I helped you or you helped us I guess is what I should say. You were able to eat a little about 5:00. At 5:30 you said, "I am weighed down in sorrow. This weight is getting heavy, so heavy as I realize the condition of my family in Short Creek and also these ladies I have had to correct, the ladies here and at R17. They must stop our selfish idolatry, our selfish will." You said, "We must stop our selfish will and overcome this idolatry of self and start to live to truly bless others through the Spirit of that heavenly sensitivity, humility. You said, "The Lord wants me to give a training on that."

You said, "I am being shown I will be going back to R17 soon, but first the Lord wants me to go and train these men that I was going to train a month ago. And also to go take care of Mac Blackmore." You said today that you would test Veda and also Annie to see if they could endure the all-consuming fire, the presence of God. Early in the morning you would be leaving. You said that you would travel to Flagstaff, meet those men in a motel room there and give the training, have them leave and go back around Kingman and then through Vegas and back home. You would travel north. You would go up to Spokane, meet Mac, take care of him. You said, "There are some ordinances the Lord is telling me need to be done in Short Creek but He hasn't shown me where to do it." You didn't name any names. That is all you said.

At 5:40 you said, "Then I will go and I will learn how to ride the motorcycle. The Lord is showing me not to get a trike to learn how to ride the motorcycle. He will guide us, protect us, help us learn quickly."

You came to again at 5:45. Then as I was talking to you, you said, "The Lord is showing me that this home here will be given to another family that will yet come to R1 that I am to have a little larger home, not as large as the one at R17 but a larger home built here at R1 after we have purchased these other lands, also Uncle Wendell and Uncle Fred's homes." You said, "Isaac's wives, Martha and Barbie will still be here. For now they will be at R17 until the Lord directs otherwise." You said, "There will also be a meeting and endowment house built here. The Lord will direct me when that should happen."

You said, "Oh we must exert greater faith to remove these neighbors that these lands will come into our hands." You said, "The Lord can do this if we will exert the faith. The Lord can do it, make those people fear to come here." Then you went quiet until you came to just before 7:00. It is 7:10 right now.

10:00 a.m. Calling R17

Hello, what is your name?

I am looking for Paula first, do you know where she is?

Hello, how did Loretta do after we talked and through today? Where is she now? It is a matter of desire. There is enough of you getting up you can help each other.

I am supposed to give her a final warning, if you can get her on the phone I will talk to her.

Did you get Ora's room ready? Another bed in there, put Joanne in there with her. Hand the phone to Joanne and I will tell her.

Let me talk to Loretta in the foyer or something.

Hello, Loretta, I am glad to hear you. You got my message through Paula yesterday? Ok, the Lord wants me to give you one last warning that if you continue in this laziness, you won't be part of me and you will be sent away. And what you are choosing is your own selfishness more than God and Priesthood. So you need to change this so fast. You can see discouragement destroys you. If you slip, you pick yourself up and get going. And I am praying for you and I want you with me, but you can see the Lord is removing the halfhearted from Zion's Camp, and if you continue this way, He is telling me to warn you, that you will lose your place. Is that what you want? This is serious business.

So great blessings are offered you and you know of them through the testimonies you heard at R1, and yet you are not reaching, you are letting your body rule. That is how the devil is getting among us. The next sins after your laziness is immorality, and you need to be close to me because in your connections with me, I will teach you how to be a wife in a pure way, not in a lazy selfish way, so prepare. It greatly concerned me that you had given in so much to your fallen nature

yesterday. You have to do the right so fervently that you won't turn to the wrong any more. You are growing up. You can take care of your body. You can get your sleep early in the night instead of staying up late -- and be up early and no naps during the day. Be reaching to be led what to do next and the Lord will even wake you up in the morning. OK, I am glad you are doing better now. Smile and pray and work hard; bless others. If we are living to bless others we are happy in Zion. I love you. Thank you. Bye.

[Talking about school preparation.]

1:15 p.m. Family Class at R1

Prayer

Our Father who dwells in the heavens, this family bows before you as you have directed that we receive your word and will at this time. Thanking you for your many blessings, your mercy and grace. Thank you for allowing justice to be satisfied that mercy could take hold, that we are here on this mission for you. Oh, Father, plant this in our hearts that we are here for you and for your great work and for your people. Thank you for protecting the First Presidency thus far and as you have offered us greater blessings through our continued faithfulness, how we seek and yearn to do better.

We dedicate this training time unto thee. Give what you will. May we feel your love burn in our minds and hearts. Though corrections may be given, thank you for the invitation to continue on and earn the blessings offered. Bless each one here with the spirit of their calling to do all they do through the power of your Spirit. All glory to thee and thy will be done. We need you, Father. We yearn to be like you. We dedicate this time to thee in the name of Jesus Christ, amen.

Is everyone here?

I seek Heavenly Father's Spirit to be with me and you. Calling on all of us to reach, for this is one of the great weaknesses most of Zions Camp is guilty of. They depend on their own experience and knowledge without reaching for a greater light of Heavenly Father's gifts increasing upon us. This mission of the redemption of Zion is truly a great growing experience, growing spiritually, and that is what many of the people have lacked. They

easily get into a condition of performing earthly, physical work filling up our day with good works and we are satisfied to do our works through the strength of this mortal body from our own judgement and experience. We read in the scriptures that the Lord promises unspeakable blessings, undescribable, so great it cannot even be given until we earn the blessing.

When Prophets and saints were allowed to see in vision the greatness of Zion and the gifts that people will have, all that could be written was it was unlawful to utter what they had seen. This is where those called on this mission to the redemption of Zion have displeased the Lord. He has offered us great blessings, beyond measure, beyond description, even His own presence, and we have treated it lightly. Many live a memorized devotion unto God. It is like He is having to prod us along from rebuke to rebuke until now He has brought to the point where His work must go on. He has had me declare if we will not qualify we will not only be sent away but we will lose our eternal salvation. We will lose our place.

You have heard the trainings given at R17. The Lord had me stay there more than a week. All good is the Lord our God doing. But He works through His Mouthpiece and Keyholder on earth to give His word to the people. You have heard what took place with two leading brethren at R17. I was here when I handled them. And in that August 7th revelation (Do I have it here?) The Lord told me I had to go to that land with the First Presidency. And the trip before that the Lord had me go to that land quickly and the Lord's word to me was I had to get there quickly lest His judgements destroy that people. It is interesting how the Lord has been warning us, not only by word, but as we were coming toward R17 Sunday, a week ago last Sunday a great storm arose right over our lands there. It was so strong and powerful it shook the earth seemingly, and just as we were arriving it dispersed.

You heard the page to Short Creek where the Lord had me correct them even to handle some ladies and tell them they have to be rebaptized. A falling away was taking place among the family in Short Creek. That night and into the next day there was such a thundering and lighting right over that property and many of the ladies declared to me on

the phone they felt the rebuke. Everything just shook. The Lord showed me if I did not get to R17 He would have left that land desolate, so greatly had the people displeased Him. You heard in the training how He tested them even after they lost His favor, because of their repentance they were given one more opportunity to earn the privilege to become temple builders. And now His word to all Zion's Camp is if by October 1st we do not individually earn the privilege to be temple builders and eventually temple workers we will individually be judged and rejected. And from now on if anybody is to be sent away from these lands they will not only lose the privilege to help build Zion in this life, they will lose their eternal Priesthood blessings and have no place among us. That is the example the Lord has shown in the handling of Earnest Jessop and Allen Steed.

It has been amazing, as the Lord has tested every part of Zions Camp by withdrawing me for weeks at a time and seeing what the people would do. And in every place the devil has been thrusting upon individuals that have not had in lively exercise the Love of God through the prayer of rejoicing, who have not had that faith like the brother of Jared in exercise. You heard in the trainings each day I talked to the people at R17, the correction got stronger and stronger. I assume you heard how the Lord allowed me to go through an experience, August 13th, on Friday, right in meeting, to atone for the people. And then this August 15th training was given on what we need to do to qualify. That there are works being done where individuals can advance if a group of people will not prepare.

When the Lord sent me back here He showed me I had other work to do elsewhere in gathering and training I was yearning unto Him for this mission to succeed and He sent me here. I arrived, met all of you and then He took me in hand and He showed me the hearts of everyone here. This was two days ago? Did I arrived here early Thursday morning? Early Wednesday morning? He showed me that all the ladies sealed to me at this place that none of you were fully prepared for the next steps the Lord wanted us to take. While I had been away there had been thrusts of the devil on two ladies in particular who thought they had the

Spirit of God and they did not. Similar to the handling of those two men who lost their place.

You must realize, dear family, that when the Lord says it is time to go forward and receive training and blessings and even come into His presence and we are not ready, we have rejected God. There is much good here and so the Lord had me voice on a recorder messages to certain individuals living here of what the Lord has shown me was their weakness or sin. And in general this is the Lord's message to this family, that with all your determination of prayer and profession unto Him that you yearned to dwell in the love of God, we have carried doubts and fears even against ourselves and we live in withdrawal from one another to a great degree. We all have found our place and withdrawn to our areas of doing and we are not actively seeking unto the Lord where we can bless one another more. Even in word and in prayers. All of you are praying fervently for me, that has to be continual, but where we have fallen short is we have not loved one another as we should.

Many of you younger ladies, your relationship with me is still a fear and a doubt against yourself which makes you withdraw from me and you need to be so close to me you are ready to obey every directive. So right at the time the Lord sent me here to reveal more and train you more, in higher ordinances, knowledge, experience there were none of you prepared. So the Lord was ready to scourge us. And this is what has been happening everywhere in Zions Camp. The Lord has allowed me to intervene in a way only He can administer. He would not even let me come forth and speak to you until two more of the ladies were handled and sent away. He allowed me to atone to where they could be sent to another land of refuge and still continue in this mission. And even some of you were considered to go away from here to perform your mission elsewhere. But through your prayers and determination you still are here. To show how the lord is watching this family, what we are doing, He gave this revelation yesterday ,{what time of day is this?}

Revelation of the Lord Given to
President Warren S. Jeffs

At the Place of Refuge RI
Thursday, August 19, 2004

1. *Verily thus saith the Lord unto you my servant, Warren Jeffs: I release Ora Jeffs from the mission of being a scribe, and keeping my sacred record through you, my servant.*

2. *And I appoint that mission and work unto mine handmaiden, Patricia Jeffs, to work in oneness in the humility of service unto you, my servant.*

3. *And those who are not appointed to this mission let them not touch the sacred thing, even my ordinances and doings on earth through you my servant, unless they are appointed—lest immediate judgment come upon them.*

4. *And let those who assist you, my servant, in this work of keeping the sacred record humble themselves, and reach to be led and guided by my Spirit in oneness with me through Priesthood.*

5. *And let mine handmaiden Ora Jeffs continue in the mission and work of motherhood to teach and train those children I have favored her to help bring forth into the family of my servant, and the family of thy father.*

6. *For she mine handmaiden, Ora Jeffs has not been sufficiently humble, and through her the powers of darkness have tried to destroy my work.*

7. *Yet if she continues with all diligence and repents speedily, I, the Lord, shall forgive her, and she shall yet have a place with you, my servant and with my servant, thy father, in the eternities.*

8. *And let all be faithful and true to their covenants.*

9. *And verily, thus saith the Lord concerning Kathryn Jeffs, thy wife and helpmate, let her humble herself and this privilege to be a scribe on my sacred record be removed for a time; and as she proves worthy, this privilege shall be restored to her.*

10. *And let the family of my servant, Warren Jeffs, humble themselves to be a*

strength to my work and kingdom on the earth.

11. And through the gift of oneness always exercised, receive the strength of my Spirit to strengthen my servant and kingdom on the earth.

12. My peace be upon you, I forgive sins through faith unto repentance on my name as they meet the requirements of repentance.

13. And I, the Lord, am with you still, my servant. Fulfill this word that you may be prepared to receive more from me. Even so, amen.

The Lord would not give me more until He had me send them away. Yet they shall have a work to do. While I was gone the evil powers thrust upon Ora and she received a revelation of satan, thinking it was of God. And Kate in a lesser degree did the same, thinking she had the Spirit of God when she did not. And the evil powers were trying to thrust upon me through those whom I use. Just like the devil did at R17 through those men. And then at Short Creek nearly the whole family fell into idolatry of self pleasure and turn from their sacred mission of preparing for Zion. And one lady in particular that you have heard me correct, I said, "you do not have the Spirit of God." And she was following the revelations of satan and prompting and pushing everybody to compromise.

So everywhere that my family exists and dwells right now the devil has thrust his revelations upon individuals, why? Because of pride. The Lord described in these revelations, that we so easily turn to the idolatry of our selfish will. This is what the Lord showed me was the error in our lives in this family. With all the good we do and exert, many here have held on to little prejudices shown by a self justification in your feelings to not bless others. To justify yourself to not go and bless someone because you have judged others, and feel like they are not worthy for your blessing and that is where you are wide open to receive the revelations of satan.

When you know the commandments of God and you do not keep them, the Spirit of God will withdraw. With all your exertion and supposed devotions you will be wide open for the revelations

of satan to take over. The Lord wants us to repent and come full measure, where we have fallen short is we have not lived the second great commandment.

What Heavenly Father wants to see in this family is such a fervent oneness exerted, that in your focus on me as your Priesthood head, you will include such a reaching to be led and to establish Zion here in fullness, that you will seek the impressions of who to bless and what to do next for others. We easily withdraw into our areas or our work areas, we just have our own will to satisfy. And we need to be fervent in reaching to be led in doing the will of our Priesthood head, yes, but also bless all who are part of him. And then as a family we can expand that and bless other families more. This great test of having all our earthly blessings right within our reach causes us to not exert great faith. So the Lord had me tell the people at R17 that we are still in spiritual poverty.

I can still feel that some of you do not see the message yet.

I speak to you younger girls in general, often your relationship with me is a fear and thus a withdrawal resulting and you need to get close to me in every way and be seeking me how to become a close, devoted wife. In that training you will receive gifts from Heavenly Father, through His Spirit, that will draw you close to your Priesthood head as unto the Lord. Where through your faith and your reaching to be close to be guided you will feel the heavenly powers burn within you stronger than ever. So when a wife has a doubt evidenced by a slowness to get close has a doubt against herself when she turns to her fear because she says, I do not know how, she misses the blessing. I have told you to get close quickly and stay close through a living faith unto God.

The whole mission of the redemption of Zion is an earning of blessings greater than we understand. We believe they are within our reach. Doubts and fears against yourself cause you to withdraw from me and that means you withdraw from the whisperings of the sweet Spirit that would lead you to a greater blessing and success. You ladies who are more experienced who have been part of father and then of me, your pride has been you still turn to your own experience, judgement and strength and
